LEAGUE COUNCIL TO SEND NOTE TO POWERS SEEKING ARMENIA MEDIATOR

Decides to Take Action Re-
quested by Assembly and
United States Probably
Will Be Among the Na-
tions Addressed—Tele-
gram Ordered Drawn Up.

SCANDINAVIA ASKED TO JOIN VILNA FORCE

Committee Decides No
Amendments Will Be Con-
sidered at This Session,
South America Voting to
Wait for U. S. Pronounce-
ment.

By the Associated Press.
GENEVA, Nov. 24.—Action in con-
formity with the resolution for Ar-
menian intervention recently passed
by the assembly of the League of
Nations was taken today by the coun-
cil of the league.

The council decided to ask the gen-
eral secretary of the league to pre-
pare and submit a telegram to be
sent to the Powers in pursuance of
the resolution of the assembly that
a government willing to undertake
mediation between Mustafa Kemal
Pasha, the Turkish Nationalist lead-
er, and the Armenians be sought.

It is expected that the United
States will be among the Powers to
whom the telegram is sent concern-
ing intervention in Armenia.

Invitation to Scandinavia.
It became known today that the
council on Sunday invited Sweden,
Norway and Denmark to join in the
Vilna expedition, sending 100 men
each.

The efforts of the council com-
mittee to keep their deliberations
under cover, without offending too
much the strong sentiment in the
assembly for absolute openness, are
provoking considerable comment and
amusement. There is even talk
among the more independent dele-
gates of a revolt against what they
consider an effort on the part of the
council secretariat to override the
assembly.

Germany's protest against the
method adopted by the League
of Nations in awarding man-
dates over former German col-
onies is expected to come before
today's session of the assembly of the
League of Nations. Delegate Miller
of Australia yesterday introduced a
resolution that the protest be laid
before the assembly before being re-
ferred to a committee, and a discus-
sion was decided upon.

Amendments to the covenant of
the league will not come before this
session of the assembly, it has been
decided. The league, as it is at pre-
sent working, has not had time to
fully show defects in the covenant,
and a special committee will be
charged with a study of the league's
operations and asked to propose any
necessary amendments at the next
meeting.

New nations formed from parts of
the former Russian empire will not
be admitted to the league, for the
present at least. Bulgaria, Austria,
Albania, Luxembourg and Finland,
however, may become members at
once, although Montenegro, which
has applied for membership, may be
forced to wait for some time before
receiving a place.

Balfour Suggests Committee.
Arthur J. Balfour, chairman of the
General Organization Committee,
suggested in committee meeting that
it was too early to draw conclusions
as to the working of the league or to
form an idea as to how the covenant
may be improved. He proposed that
the committee recommend the ap-
pointment of a special committee to
consider proposed amendments and
report to the next meeting of the
assembly.

The Scandinavian delegates on the
committee insisted on the considera-
tion immediately of amendments
they proposed, but they were out-
voted. The South American dele-
gates accepted Mr. Balfour's sugges-
tion all the more readily because
they are of the opinion that the
amendment of the covenant should
await propositions that are expected
from the United States after Presi-
dent-elect Harding's consultations on
the subject. They declared it would
be entirely out of order to revise the
covenant in the absence of one of the
most important nations of the world.

The committee on the Interna-
tional Court decided to send a letter
of thanks and congratulations to
Root and other delegates of
The Hague conference. This is as
far as they have got in their work.

Projects for an international staff.

McCormick Said to Be Taking Harding's League Views to Europe

By the Associated Press.
UNITED STATES SENATOR
MIDELL MCCORMICK of
Illinois, who sailed yesterday
for New York for Europe, is
crossing the Atlantic to lay Sen-
ator Harding's personal views on
the League of Nations before
governmental chiefs, says a re-
port from Geneva to the Echo de
Paris.

The dispatch states that the
object of Senator McCormick's
trip to Europe was discussed by
delegates to the assembly of the
League of Nations at Geneva
yesterday.

GOATS GO ON SPREE AFTER A RAID ON STILL

Chickens, Ducks and Geese Also
Put Into State of Unconscious-
ness by Eating Grain in Mash.

Four goats, about 300 chickens and
25 ducks and geese went on a spree
at noon today, when detectives, after
raiding an illicit still at 816 Mont-
gomery street, emptied 17 barrels of
corn and rye mash in the back
yard. The dozens of the poultry
yard immediately took advantage of
the opportunity, and soon many of
them were lying on their sides in a
state of blissful unconsciousness.

The detectives found on the third
floor two stills, with a capacity of
110 gallons of whisky a day, and two
barrels half filled with the liquor.
Beside the stills was a mattress, sur-
rounded with half a dozen cheap
novels.

The house is the home of Edward
Kelling, a teaming contractor, who
was not there. George Remmers, a
stretcher bearer at the city hospital,
who was in the house, was arrested.

Three other men found
around the premises. They were
George Frieberg, teamster, 1324 St.
Ange avenue; William Tannehill,
1315 Monroe street; John Reiss, 3202
North Eleventh street, and Thomas
Vick, 2817 North Tenth street. The
stills and liquor were taken to Police
Headquarters.

VON RINTELEN'S SENTENCE COMMUTED CONDITIONALLY

President Acts in Case of German
Convicted of Conspiracy—Must
Leave U. S. by Jan. 1.

By the Associated Press.
WASHINGTON, Nov. 24.—Presi-
dent Wilson has commuted the sen-
tence of Franz von Rintelen, a Ger-
man convicted of wartime conspir-
acy to destroy food and munition
ships of the allies in May, 1917,
on a charge of having conspired with
David Lamar, the "wolf of Wall
street," and others to disrupt munition
traffic between the United
States and the allies. He later
pleaded guilty to a charge of con-
spiracy in connection with fraudu-
lently obtaining a passport and, in
February, 1918, he was convicted of
conspiracy to destroy food and munition
ships of the allies by placing
"firebombs" in their cargoes.

The former German officer served
his first sentence of one year in a
New Jersey penitentiary. He later
was transferred to the Federal peni-
tentiary at Atlanta, Ga. Under the
terms of the commutation of sen-
tence granted by the President, Von
Rintelen is to give bond of \$5000
that he will leave the country by Jan. 1.

INUNCTIONS AGAINST PICKETS SOUGHT BY THREE MORE CAFES

Circuit Judge Calhoun today set 2
p. m. Tuesday for the defendants in
the suit of the Schertz Cafet Co.,
3602 Olive street, for injunction
against picketing by striking waiters
to appear and give reasons why an
injunction should not be granted.

The Sterling Catering Co., 105
North Sixth street, and the Famous
Restaurant, 206 North Sixth street,
also filed similar suits in other di-
visions of the Circuit Court this
morning. The Schertz company al-
leges that its daily business has
fallen off \$70 since picketing began.
The other plaintiffs state that their
daily business is \$450 and \$170, re-
spectively, and that picketing has
caused them "great loss and dam-
age," the extent of which can not
be estimated. Their attorney states
they have always been run on an
open shop plan. All three petitions
asked for an immediate restraining
order against all acts of picketing.

The Joint Executive Board of the
unions will give a Thanksgiving din-
ner tomorrow, between 11 a. m. and
3 p. m., to the striking waiters, wait-
resses and cooks at the Rex Cafe,
111 North Sixth street.

"MORE BUYING" COMMITTEE IS CONSIDERING PLANS

Propose Co-operation Among
All Lines to Stimulate
Business and Prevent Clos-
ing of Factories.

CONFERENCE HELD AT C. OF C. BUILDING

"We Want to Get Pessimism
Out of People's Minds, No
Cause for It," Member
Says.

The committee of 10 St. Louis busi-
ness men, named to promote meas-
ures for stimulating buying, in order
to keep up industrial activity through
the winter, met in executive session
this afternoon in the office of the As-
sociated Retailers in the Chamber of
Commerce Building.

The members of the committee,
named yesterday by Melville L. Wil-
kinson, president of the Associated
Retailers, are:

Flint Garrison, editor The Dry-
goodsman; Aaron S. Raub, vice pre-
sident Rice-Six Dry Goods Co.; John
A. Bush, president Brown Shoe Co.;
George W. Simmons, vice president
Simmons Hardware Co.; M. H. Jol-
ley, president Rosenthal-Stoan Millin-
ery Co.; David May, chairman of the
board, May Department Stores Co.
(Famous-Barr); Aaron Fuller,
president Six, Baer & Fuller Dry
Goods Co.; W. P. Gephart, vice presi-
dent First National Bank; Thomas
K. Niedringhaus, vice president Na-
tional Enameling and Stamping Co.,
and Melville L. Wilkinson, president
Sears, Roebuck & Barney Dry
Goods Co.

Co-operative Plans.
Members of the committee said
that they expected to agree on plans
for bringing about co-operation be-
tween manufacturing, jobbing and
retail interests here, and between the
business interests of St. Louis and
those of other cities, to prevent the
slackening of orders and consequent
closing of factories and mills.

"We must see if we can't get some
of the pessimism out of people's
minds," Aaron Fuller, a member of
the committee, said to a Post-Dis-
patch reporter. "There is no occa-
sion for pessimism. Most of the
things that people worry about never
happen."

"St. Louis can't do much alone. It
will have to be a general movement.
Also, the small merchants must fall
into line with the larger ones in the
program of keeping up the demand
for manufactured goods. I believe
they will do this, when they see that
the large merchants are committed
to this policy."

Aaron S. Raub, another member
of the committee, said that in order
to keep people employed St. Louis
manufacturers and wholesalers were
willing, for the time being, to sell
goods at the cost of material, plus
labor, and without any overhead,
which really would show a loss to the
manufacturers.

He said that, unless such measures
were taken, thousands of persons
might be thrown out of employment
in the next few months. He said:
"The St. Louis wholesale houses,
in October, inaugurated a sale of dry
goods, offering merchandise at the
lowest prices prevailing among the
manufacturers at that time, and in
many instances at lower prices, in
anticipation of the market going
still lower."

"Twice Pre-War Value."
"Today goods are being sold by
wholesale houses at the new values
existing. In many lines of dry goods
prices advanced during the war, a
period of four years, to five and six
times the pre-war value. Values
have declined in two months. Octo-
ber and November, to only twice the
pre-war value, a very remarkable de-
crease."

"St. Louis retail houses have met
the conditions and have revised their
prices in accordance therewith. Good
times and bad times are largely a
matter of sentiment. The pendulum
swings too far either way, and now
it is at a point of depression, where
business is at its lowest."

He added that production of tex-
tiles and knitted products was at the
lowest ebb, but that only a slight
movement on the part of the buyer
would bring about a revival.

NAVY FORCE STOPS ATTEMPT TO LAND BARBADOES CABLE

Effort by Western Union to
Make Connection at Miami
Halted by Men of Subma-
rine Chaser.

ORDER WAS ISSUED TO PREVENT LANDING

Action of Armed Men Was
Under Instructions From
Superior Officers, Relayed
From Washington.

By the Associated Press.
MIAMI, Fla., Nov. 24.—What was
described as an attempt by the West-
ern Union Telegraph Co. to connect
its cables from Barbadoes to a cable
from Miami at the west end of the
causeway here today was stopped by
an armed force from the United
States submarine chaser 154.

Orders to prevent the connecting
of the two cables were received by
the commandant of this district from
the Navy Department some time ago
and the commandant of the subma-
rine chaser had in turn been ordered
to prevent any attempt at such an
operation.

When the work of laying the cable
was stopped, a portion of the
cable which had not yet been con-
nected at the west end of the causeway
was left on a barge an-
chored in Biscayne Bay.

Shortly before 10 o'clock a force
of 15 men, including nine negroes,
went out to a barge supposedly with
the intention of connecting the ca-
bles where work had ceased. A few
minutes later the submarine chaser
went to the barge and a crew of armed
sailors, headed by the naval com-
mander, went aboard, ordering the
work suspended.

One of the Western Union men
was permitted to return to the com-
pany's office for instructions.

The cable was laid across the
causeway several months ago, and
all that remained to be done was to
make the connections under the two
causeway drawbridges. The work
could have been finished in three
hours, it is said, if there had been
no interruption.

Baker Revokes Permits for Western Union Florida Cable

By the Associated Press.
WASHINGTON, Nov. 24.—Secre-
tary Baker announced last night
that he had revoked permission
granted to the Western Union Tele-
graph Co. last May to lay certain
cables from New York to Miami, Fla.

The permit was issued by the district
engineer at Jacksonville, Fla., and
Baker directed its withdrawal by
telegram.

Baker made no explanation of his
action. He merely authorized
through his secretary the statement
that the permit had been rescinded.
The announcement followed, how-
ever, the statement in New York by
Newcomb Carlton, president of the
Western Union company, that his
company had not only rights granted
by act of Congress, but specific per-
mission from the Navy Department
to do certain cable work in the vicinity
of Miami with which "the Navy De-
partment has for months arbitrarily
interfered" at the request of the
State Department.

HARDING'S OFFICIAL PLMALITY IN MISSOURI WAS 152,263

Second to That of Auditor Hack-
mann's Total Republican Vote
Was 724,182.

By the Associated Press.
JEFFERSON CITY, Mo., Nov. 24.—Of-
ficial returns from the November
election show that Harding's plu-
rality in Missouri was 152,263, and was
smaller than that of any of the
Republican candidates. Auditor
Hackmann advocated full assess-
ments.

The total vote for Republican pre-
sidential electors was 74,162; Demo-
cratic, 574,799; Socialist, 20,252;
Farmer-Worker, 3,291; Prohibition,
5142; Socialist-Labor, 2194.

REMOVAL OF IRISH PRIEST BY MILITARY CAUSES EXCITEMENT

By the Associated Press.
MADISON, Wis., Nov. 24.—Five
persons, four men and one woman,
were hurled to their death today
when a boiler in a condenser plant
at Stoughton, Wis., near here, ex-
ploded. The bodies were blown al-
most a block.

\$7,000,000 TO BE PAID IN BONUSES TO FORD EMPLOYEES

Company Also Announces Extra
3 Per Cent on Investment
Certificates of Employees.

By the Associated Press.
DETROIT, Mich., Nov. 24.—Bonus
checks totaling more than \$7,000,000
for employees of the Ford Motor Co.
are being written and their dis-
tribution will start Jan. 1 next, ac-
cording to an announcement made
by Edsel B. Ford, president of the
Ford Motor Co.

Ford also announced a forthcom-
ing extra 3 per cent for the six
months ending Dec. 31, on Ford in-
vestment certificates held by em-
ployees of the company. This, Ford
said, is in addition to the guaran-
teed 6 per cent. He added 8 per cent
had been paid July 31 last, making a
total of 14 per cent on the certificates
for 1920.

Ford's statement was made, it was
announced, to correct what he said
was an erroneous report of testimony
by S. S. Marquis, director of the Ford
Educational Department, before
the House of Representatives yester-
day to the effect that the recent re-
ductions in the price of Ford cars
had resulted in the bonus to em-
ployees being practically cut off.

The statement said that 6,900 men
of the Detroit force had quit work with-
in the last 90 days was correct, it
was said at the offices of the com-
pany, but the men had left volun-
tarily, and the continued production of
the remaining employees had made it
unnecessary to replace them.

EMPLOYERS TO DEMAND CUT IN WAGES OF BUILDING WORKERS

Conference Looking to Agreement
on Scale for Next Year to Be
Held Monday.

A general reduction in the wages
of men employed in the building
trades will be demanded by their
employers when representatives of
the Building Industries Association
meet those of the Building Trades
Council Monday to confer on an
agreement for the next year, it was
announced today by Frank G. Boyd,
secretary of the association.

The decision to take this course
was made yesterday at a conference
between Boyd and the chairmen
of the Arbitration and Executive
Committee of the association, who
met to lay down the policy that will
be followed in the conference with
the employees' representatives.

The Building Trades Council last
Wednesday night adopted a resolu-
tion that the scale for 1921 be
that of 1920, but that a 12.5 per cent
cut should be made in the wage scale.
This is virtually the same as the
present scale, save that a few work-
men now receive less than that.

Boyd said statistics proved that the
cost of living had increased 14 per
cent, and that a cut in wages was
therefore justified.

HEALTH DEPARTMENT BULLETIN ADVOCATES NUTS AS FOOD

Kernels Declared to Be Easily Di-
gested and High in Nutri-
tive Value.

Nuts are not as bad as they are
cracked up to be, it now appears
from the November bulletin of the
Health Department, which feels that
the nut should come out of its shell
and take its rightful place in the
food family.

The kernel of the matter about the
nut is, according to the bulletin, that
it is not indigestible, as has com-
monly been reported, but, on the
contrary, is as easily digested as any
staple food if it is finely chewed. And
its nutritive value is high.

The bulletin also contains a warn-
ing against open sneezing and
coughing, urging the use of hand-
kerchiefs, or even newspapers.

36 INDICTMENTS IN LIQUOR CASES AT CHICGO

Attorney-General of Illinois Asks for
Injunctions; Hearing Before
Judge Landis.

By the Associated Press.
CHICAGO, Nov. 24.—Attorney-
General Brundage filed 72 bills for
injunctions against saloon and cab-
aret owners in the United States
District Court today, asking that the
places named be closed as public
nuisances under the prohibition act.
The defendants were ordered to
appear before Federal Judge Landis
this afternoon.

The federal indictments
charging six policemen, saloon
keepers, a railroad official, and two
officers of a Louisville Distillery of
violating the Volstead act, were re-
turned by a Federal grand jury.

Simultaneously Judge Landis
issued injunctions closing eight saloons
and cafes, some of them operated by
the indicted. Those indicted are all involved
in the alleged sale of 1000 cases of
whisky shipped here from the Grand
Distillery, at Louisville, on a
forged Government permit. "Mike
de Pike," Heller, proprietor of a
restaurant and former Leavenworth pris-
oner, whose name heads the list, is
under arrest on complaint of sa-
loonkeepers, who claim that, after
selling whisky to them for \$200,000,
he conspired with Chicago police-
men to steal it back.

COKE CONCERN SHOWN TO BE MIDDLEMAN IN LACLEDE CONTRACTS

APPLICATION OF NEW BOND LAW TO ST. LOUIS IN DOUBT

Amendment No. 3 Adopted at Election Deals
With Bond Issues in Cities for
General Purposes.

The passage of amendment No. 3
to the State Constitution, which was
announced yesterday by the Sec-
retary of State in Jefferson City, may
have the result of increasing the
limit of this city's future bond is-
sues for general purposes from
about \$26,000,000 to \$64,000,000,
and of permitting the city, in ad-
dition, to finance the purchase of pub-
lic utilities up to a total investment
of \$153,000,000. That amount, it is
believed, would more than suffice to
purchase the United Railways, Lac-
lede Gas and Union Electric prop-
erties.

The question to be determined is
whether the third amendment ap-
plies to St. Louis. Associate City
Counsel William H. Killoran, Cir-
cuit Judge elect, said today that he
believed it did apply to this city.
Counsel Dues was not in the city.

Amendment No. 3, in form, an
amendment to Article X of the Con-
stitution, by striking out section 12
of that article, and adding a new sec-
tion in its place.

Old Section Limited.
The old section 12 of Article X is
limited, by a special provision, to
cities of not more than 50,000 popu-
lation. But this old section is strike-
d out by the amendment, and the
new section applies to cities of 75,000
or more. Examination of the new
section shows no clause which would
prevent its provisions from applying
to St. Louis. The proposal for the
amendment originated in Kansas
City, and for that reason it was as-
sumed, in some quarters, that the
amendment applied to that city only.

The present limit on bond issues
for general purposes is 5 per cent of
the city's assessed property valuation.
The new amendment increases the
limit to 10 per cent.

The present assessed valuation of
St. Louis property is \$765,722,624,
and 10 per cent of this would be \$76,
572,262.40. The present not bonded
indebtedness, to which the constitu-
tional provisions apply, is \$12,748,
130.91, and subtracting this from the
new limit, there would remain \$63,
824,132.39 of bonds which the city
may issue.

Under the 5 per cent limitation
the amount remaining which can be
issued is \$25,538,001.19.

Two-Thirds Vote Required.
Under the amendment, it is under
the section which it replaces, a two-
thirds vote is required for the ap-
proval of a bond issue for general
purposes.

The provision for the issuance of
bonds for the construction or pur-
chase of gas plants, electric light-
ing plants, street railways, telephone
and telephone systems, heating
plants, ice refrigeration plants, etc.,
also applies, in the amendment, to
cities of more than 75,000 popula-
tion. The provision is made that
such bonds shall not exceed 20 per
cent of the city's assessed valuation.

ALLIES HALT SALE OF GERMAN PLANES TO AMERICAN FIRM

Ship With Eleven Aboard Or-
dered Held Up in Harbor
at Hamburg.

By the Associated Press.
BERLIN, Nov. 24.—Eleven Alu-
minum German airplanes sold to an
American concern and loaded on a
ship in Hamburg have been ordered
held up by the Inter-Allied Aero-
nautical Commission, which alleges
a violation of the Versailles treaty.
It is officially announced here. Ger-
man manufacturers claim the con-
tracts for the airplanes were drawn
up since July 10, when, in their op-
inion, the prohibition against the man-
ufacture and sale of airplanes under
Article 202 of the Versailles treaty
expired.

The commission is understood to
claim authority from the Council of
Ambassadors in Paris to prevent
commerce in airplanes until Ger-
many has complied with Article 201,
which directs the delivery of war
material to the allies. The German
Government has announced it will
protest against the commission's ac-
tion.

Leaves \$10,000 Estate to Employee.

Special to the Post-Dispatch.
HILLSBORO, Ill., Nov. 24.—Rob-
ert E. O'Brien of Witt will receive
the entire estate of T. Coderra, a
Witt drugist, in recognition of
O'Brien's faithfulness to his late em-
ployer. Coderra died Friday, leaving
an estate valued at about \$10,000.

FINAL
EDITION
(Complete Market Reports.)

IRISH SECRETARY TELLS OF PLOT TO BLOW UP DOCKS

Greenwood Informs Commons of Discovery of Plan to Use Explosive in Liverpool and Manchester.

DEBATE ON IRISH QUESTION BEGUN

Asquith Moves Resolution Expressing Abhorrence of the Recent Dublin Assassinations.

LONDON, Nov. 24.—In his speech on the Irish situation in the House of Commons today Sir Hamar Greenwood, the chief secretary for Ireland, said that detailed plans for the destruction of a large power house in Manchester and of docks in Liverpool had been discovered. The Liverpool plans involved use of 100 pounds of the high explosive gelignite at 21 points.

The eagerly-awaited debate in the Commons on the Irish question was when former Premier Asquith, leader of the opposition, moved his resolution, expressing abhorrence of the recent Dublin assassinations, condemnation of reprisals, and urging the taking of immediate steps to bring about Irish pacification.

Asquith, amplifying the subjects set forth in the resolution, condemned what he termed the Government's policy of reprisals, which he said had driven moderate nationalist opinion in Ireland "into an attitude, if not of sympathy with, at least of supine indifference to, anarchy action."

The former Premier declared there was only one way for escape, and that the first step lay with the Government. This, he said, was to discontinue the reprisals. He believed, he said, that an overwhelming majority of the Irish people and of the Crown forces had no sympathy with reprisals.

Viscount Grey, expected to come forth from his semi-retirement and speak in the House of Lords today on the Irish Home Rule Bill. It has been reported that Viscount Grey and Mr. Asquith have reached an understanding as to policy relative to Ireland and in future will work together. It is said the Government is rather anxious over the fate of the Home Rule Bill in the House of Lords, where the opposition attachment has been made. Opponents of the Government do not hesitate to attribute anxiety to the Cabinet to get the bill passed at once. Because thereby the 1914 Home Rule bill will be automatically repealed. The opening speech of Lord Birkenhead, it is remarked, seemed to reflect this anxiety.

Warning for Release of Officers Posted.

CORK, Nov. 24.—The kidnapping of three army officers at Waterfall, County Cork, last week, has been followed by the posting of the following notice in Cork this morning: "If Capt. Green, Capt. Chambers and Lieut. Watts are not released, unharmed, within 48 hours, leading members of the Irish Republican army will be suitably dealt with. Ignorance may be slow, but it will be sure."

BREWERIES CITED TO SHOW WHY THEY SHOULD NOT CLOSE

WASHINGTON, Nov. 24.—Three Cincinnati brewing companies were cited by Prohibition Commissioner Kramer today to show cause, Dec. 14, why their permits to manufacture cereal beverages should not be canceled because "they have not in good faith" conformed to the Federal prohibition enforcement act.

Buster Drops 1 to 2 Cents. CHICAGO, Nov. 24.—Butter dropped from 1 to 2 cents a pound on the local market today as a result, trade leaders said, of an oversupply, including large Argentine stocks. Creamery extras were quoted at 31 1/2 cents today, a drop of 2 cents, while firsts ranged from 42 to 52 cents, as compared to 43 to 54 cents yesterday.

POST TOASTIES makes us all good scouts

—says Bobby

EDITOR OF 'THE NATION' GIVES VIEW OF ALMENTS OF NEWSPAPERS OF TODAY

Oswald Garrison Villard Charges Press With Narrowness, Partisanship, Suppression and Commercialism.

By Associated Press. NEW YORK, Nov. 24.—Corruption, misinformation and suppression were the words used last night by Oswald Garrison Villard, editor of 'The Nation', in describing the ailments of newspapers in a lecture at Park View Palace, on 'The Press of Today.' Villard spoke under the auspices of the Educational and Cultural Society.

"It is easy to frame an indictment against the attitude of the American press," he began. "The press has not yet recovered from the cry of lying which it was once compelled to pass through during the last five years."

"We are back again in the dark ages when 'was thought that the best way for the rulers to keep the plain people thinking as these rulers wanted them to think was to keep the facts from them.'"

Then he charged the press of the country with narrowness. He said that newspapers would close their columns to the side of their own party, and that they would close their eyes to the faults of their own government. He said that newspapers have become purposely inaccurate and would close their eyes to the faults of their own government.

Speaking of the commercial spirit of journalism, he said: "Mr. Frank A. Munsey is the typical of the new spirit in the American newspaper. He made his money in Wall street and as a provision merchant, and as a newspaper owner naturally represents business."

But Mr. Munsey is entirely honest and would not deliberately mislead. But I do consider him a man of broad political vision and intelligence of great ability of expression.

"The editors are not always responsible, but are often the victims of their employers, who stant or suppress the news so that it will be in keeping with the political policies of the paper. And an editor knows that a change in policy that decreases the circulation of the paper is about 5000 will bring down trouble upon his head. The owner of the paper would scarcely let it possible to keep tab of the news that is suppressed."

M. W. WARREN COKE CO. MIDDLEMAN IN TWO LACLED CONTRACTS

Continued From Page One. 800 tons at \$13.45 a ton. The Warren company buys the coal from the Atlantic Coast Coal Co. at Roma, Va., from which place the freight rate to St. Louis is \$3.46 a ton, making the price \$16.91 a ton.

The center of the controversy is the fact that the price of coal at the mine is \$10.45 a ton, and that the price at the mine is \$10.45 a ton, and that the price at the mine is \$10.45 a ton.

The other element of need of advanced rates set up by the company is the assumption that it will get more money for its coke next year than it now is getting. Coke is a product of coal and the two usually advance or decline together. However, the Laclede now is in the position of declaring that it is forced to pay \$4 more for the coal, but expects to get almost as much less for its coke which it makes from the coal. Officials of the company, however, admitted under cross-examination that the demand for coke now is taking all of the company's output.

It also was disclosed that the Franco-Beige Refractory, a Belgian corporation, is building eight new coke ovens at the by-product plant of the Laclede company in Carondelet, which are the first of their kind to be erected in this country.

General Manager Evans of the company said that the cost of these ovens would be between \$400,000 and \$500,000, and that the Belgian company would present the ovens to the Laclede company without cost, stipulating only that the company shall operate them for a year at least and permit it to use the ovens in demonstration to prospective purchasers.

Evans said that the Belgians assert that their ovens will produce a greater amount of residuals from the same coal than the Kopper ovens now used by the Laclede company. They will be in operation about Jan. 1.

Commissioner J. Had inquired with a smile if the Laclede company expected to ask to be permitted to earn return on the gift.

Former Judge Daniel G. Taylor, attorney for the company, replied seriously: "Most certainly we do."

Two other contracts of the Laclede company with the Warren company were disclosed in the testimony this forenoon. One is for the "wind from July 1, 1920, to July 1, 1921, and calls for 3000 tons per month of high volatile coal at \$15.55 per ton at the mine, which, with freight, added, makes it \$16.90 delivered. The other is for 5000 tons per month of Pocahontas, V. V., coal, for the period from November, 1920, to February, 1921, the price, from November, 1920, to February, 1921, to be \$16.55 at the mine, or \$11.11 in St. Louis.

RETURNS CORRECT IN 1ST PRECINCT OF 28TH WARD

Grand Jury Examines Ballots There and Then Takes Up First Precinct of 12th Ward.

ARGUMENT HEARD ON PLEA TO END INQUIRY

Bond of \$800 Each Given by Six Indicted Officials of 27th Ward—41 Now Under Indictment.

The grand jury this afternoon, after opening the ballot box of the Twenty-eighth Ward, First Precinct, in the primary Aug. 3, and examining the ballots in comparison with the returns made by the judges and clerks, announced that the returns were correct, and that there would be no occasion for indictments in the case of this precinct. It then took up the examination of the box of the Twelfth Ward, First Precinct.

The Twelfth is Collector Koehn's ward, and the return of the First Precinct in the primary shows majorities for most of the "house cleaner" candidates, whom Koehn supported, but exceptions are shown in the large votes received by W. H. Kilborn for Circuit Judge and City Councilor Danes for Judge of the St. Louis Court of Appeals. In the primary the Twelfth ward was divided into two sections, the "house cleaner" candidates, and the "house cleaner" candidates.

There is often no profit in a newspaper. The Tribune, for example, has had and still has an enormous deficit, but the family that has it can be sure that it will not be a newspaper gives prestige to its owner."

Some of Villard's assertions follow: "The bulk of the American people have lost faith in the American newspapers because they give colored news and do not voice the beliefs and ambitions of the people."

"Lenine and Trotsky were said in the papers to have been guilty of great atrocities. You never read about the atrocities of Denikin and Kolchak. If Germany had been our ally American newspapers would have found a hundred excuses for the dastardly sinking of the Lusitania and for the Belgian atrocities."

The remedy for the situation pictured by Villard is promised, he said, by such co-operative newspapers as the New York Call and the Chicago papers published in New York.

"The hope of truth telling lies in the hands of little independent, non-money-making weeklies, and in the hands of the Socialist and Labor press," he concluded.

and from February, 1921, to February, 1922, \$3.55 at the mine. This contract covers half of the company's monthly requirements of low volatile coal.

H. Curry, purchasing agent of the Laclede company, testified that spot deliveries were bought Nov. 1 for \$4.75 a ton, and a few days later bids of \$5 were refused and 100 cars of Elkhorn were bought Nov. 11 at \$5.75 and 155 tons of Elkhorn were bought Nov. 12 at \$5.75 on the open market, and subsequently another lot at \$5.75, showing that when the Nov. 15 contract with the Co. Laclede Coal Co. was made it was on a falling market.

The net earnings of the Laclede Gas Co., at 45 cents per 1000 cubic feet for householders, for the year ending July 31, 1920, were \$2,257,128.00, sufficient to make the year's payment on the company's bonded indebtedness and pay the dividend on the preferred stock of \$100,000. The company claims a valuation of \$2,000,000 and bases its request for the increased rate on this valuation and other elements.

If the company is held to the actual valuation and is not permitted to earn on the common stock, the 52-cent rate, produced, according to White's report, enough revenue to pay operating expenses and meet obligations and pay dividends on preferred stock.

ADVERTISEMENTS

ITCHING ECZEMA DRIED RIGHT UP WITH SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly relieved by applying a little Mentho-Sulphur. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Mentho-Sulphur from any good druggist and use it like a cold cream.

HOOVER ANNOUNCES PLAN TO FEED 3,500,000 CHILDREN

Relief Council Comprising Seven American Agencies to Aid War in Europe.

CHICAGO, Nov. 24.—Formal announcement of the organization of a European Relief Council, comprising seven American organizations, was made by Herbert Hoover, former United States Food Administrator, at a dinner last night. Continuation of American support in feeding the undernourished peoples of Europe was urged by Hoover, who will act as chairman of the council.

"I have to announce the formation of the European Relief Council, comprising the American Red Cross, the Relief Administration, the Quaker Service Committee, the Knights of Columbus, the Allied Church Council, the Y. M. C. A., and the Y. W. C. A.," said Hoover.

"This council, after full investigation, has decided that complete priority should be given to American relief in Europe to support 2,500,000 children who have, since the armistice, been dependent on American charity."

"Today there are 3,500,000 waifs who live by virtue of \$100 a year, hospitals, clinics and sanitariums whose doors would close but for American charity. At the time of the armistice Americans were carrying the burden of 200,000 children in Belgium and 600,000 in Northern France. This system was spread over Finland, Estonia, Latvia, Lithuania, Poland, Germany, Austria, Czechoslovakia, Serbia, Rumania, Hungary and Armenia."

"It will cost \$22,000,000, about \$1 for each child per month until next harvest."

Suffrage Leader Stricken.

LEXINGTON, Ky., Nov. 24.—Mrs. Desha Breckenridge, a noted suffrage leader, was stricken with apoplexy here today and is reported to be in serious condition. Mrs. Breckenridge is a great-granddaughter of Henry Clay and the wife of the editor of the Lexington Herald. She spoke in Missouri for the Democratic ticket.

AMENDMENTS TO GO OVER TO NEXT LEAGUE SESSION

Continued From Page One.

proposed by Leon B. Burgeon of France at the Versailles conference, and rejected there in a prolonged discussion regarding the reduction of armaments.

Mr. Burgeon, first of all, declared that the carrying out of the Versailles treaty must be assured before disarmament was possible. He declared that in order to make that the New York Call and the Chicago papers published in New York.

The indictment of the six men in the Twenty-seventh Ward, Twenty-fourth Precinct, was announced late yesterday afternoon. Like the men indicted in other wards, they are charged with false count and conspiracy. They are Sam Levy of 5650 Garfield avenue and C. R. Betts of 5611 Easton avenue, Republican judges; Mart Sparbur of 5657 Easton, Republican clerk; John J. R. Adams, member of the Democratic club, and Thomas P. Murphy of 5740 Garfield avenue, Democratic clerk. The precinct where place was at 5592 Easton avenue.

Pluralities for "Ring" Candidates. The returns for the Twenty-seventh Ward, Twenty-fourth Precinct, for the "house cleaner" candidates, for the "house cleaner" candidates, for the "house cleaner" candidates.

Governor, Hyde 6, McKinsey 128; Senator, Davis 4, Minnis 4, Spear 128; Lieutenant-Governor, Elvins 128, Lloyd 6; Court of Appeals, Daues 128, Reynolds 6; Congress, Eleventh District, Stifel 128, Boy 4, Hart 1, Newman 2; Circuit Judges, Ossing 124, Killborn 124, Kimmel 124, Mix 3, Schmitz 3, Peary 1, Shields 1, Grimm 6, Allen 6, Muggan 6, Landauer 8; Judge Court of Criminal Commerce, Kopper 128, Barnes 2, Parker 3; Circuit Attorney, Sider 128, Hale 6; Sheriff, Schmoll 124, Mohrstadt 10; Public Administrator, Slater 128, Weinreiner 20, Fensky 1, Hampe 9, Treutner, Scholtz 128, Brankmann 2, Vitt 2, Dunn 6, Groe 6.

Men With No Votes Nominated. Judge Grimm, Hamme and Dunn, who were credited with no votes in this precinct, were the winners in the primary. Judge Grimm getting the largest vote for any Republican candidate.

The Democratic vote shown in the precinct was 46. Farris had 25 for Governor, Mayer 11 and Atkinson 10. Priest led for Senator with 18. Long had 15, Hixson 7 and Hay 7. The other precincts in which the primary officials have been indicted are the Sixth Ward, Fifth Precinct, holding place 18 South Tenth street, the Fifth Ward Fourth Precinct, 111

TESTIFIES 3 FIRMS CONTROL WROUGHT STEEL INDUSTRY

Jobber Tells 'Building Trust' Investigators Two Concerns Control Wrought Iron Business.

By the Associated Press.

NEW YORK, Nov. 24.—Testimony that three-fourths of the wrought steel industry in America is controlled by three powerful corporations, with prices "usually absolutely uniform," was given in the "Building Trust" inquiry here today by John G. Cornell Jr., a jobber and exporter.

The wrought iron industry is similarly in the hands of two firms, Cornell said, and this business is practically paralyzed just now, owing to a strike in one of its plants.

Three More Indictments.

While testimony to this effect was being heard by the Investigating Committee, the grand jury studying evidence in the "Building Trust" inquiry handed down three more indictments, names of alleged offenders were not divulged.

The National Tube Co., which Cornell told the Lockwood Committee was part of the United States Steel Corporation, handles nearly half of the wrought steel production in the country, and generally sends out price lists ahead of the other concerns which follow with similar ones, Cornell testified.

The two other companies which he named as being among the three manufacturing 75 per cent of the wrought steel, are the Youngstown Sheet and Tube and the Republic Iron and Steel Co.

"Own Business Paralyzed." His own business, the witness testified, has been "practically paralyzed" so far as wrought iron is concerned because of a strike at the Reading Iron Co. at Reading, Pa., which he said was one of the two concerns handling most of that product in the United States.

There are nine wrought steel manufacturers in the country, and but four concerns producing wrought iron, including the smaller ones, Cornell declared.

Today's session of the committee's investigation started with the adjudging in contempt of Miss Elizabeth O'Dea, a stenographer employed by the Builders' Supply Bureau, of which the contracting firm of John A. McCarthy, a business partner of Charles F. Murphy, is a member. This followed her failure to take the stand after vacating of a temporary injunction obtained by her counsel restraining the committee from examining her on the ground that a subpoena served on her was invalid. A sergeant-at-arms was sent after the bureau's books.

Anthony A. Ratero corroborated testimony of his brother, Joseph, yesterday that his firm had paid \$3000 cash to delegates of Robert P. Brindell's Building Trades Council for "protection against labor troubles" on two apartment houses being built in upper Manhattan.

The witness added that Brindell got \$1750 or \$150 a man for 15 men to allow members of William Z. Ranko's house wreckers' union to remain on a job.

Arguments were made today before the Supreme Court in Jefferson City on the plea of Attorney Patrick H. Cullen for a writ of prohibition to stop the opening of the ballot box of the Twenty-fifth Ward, Sixteenth Precinct. The granting of such a writ would stop the inquiry in other precincts, and might raise a question of the legality of the indictments already voted. Assistant Circuit Attorney Feehan was in the Supreme Court to oppose Cullen's plea.

The St. Louis League of Women Voters has joined a number of business men in the employing of Charles M. Hay, an attorney, to aid the Circuit Attorney in opposing Cullen.

NAVY TO PAY BRITAIN \$4,500,000 FOR AID IN TAKING UP MINES

Agreement Reached on Return for Civilian Help in Work on North Sea Barrage.

Special Cable to the Post-Dispatch. LONDON, Nov. 24.—The United States Navy Department finally has agreed to pay the British Government \$4,500,000, at the pre-war rate of exchange, for the civilian labor, material, transportation and port and shore station facilities supplied in connection with laying and taking up the great North Sea mine barrage, the Post-Dispatch correspondent has learned.

The British originally claimed \$1,250,000, including charges for enlisted labor loaned to the United States for the gigantic job. When American officials pointed out that they were not charging for work done by their enlisted personnel at Queens-town and other naval ports, the British dropped that part of their claim.

As the British originally opposed the American barrage plan the Americans agreed to pay for services the British had to supply. When the two Governments began to settle the bill after the armistice the British then proposed to split the cost on something like a 50-50 basis. But the United States Navy Department preferred the original agreement rather to set a precedent on which Britain could make future claims for a similar apportionment on other war expenses.

In this connection it is also learned that an agreement probably will be reached soon between the British and American Governments regarding the amount the latter should pay for the British "blockade" purchases of Swedish iron and molybdenum, the latter being a metallic chemical element used for hardening steel for tools.

The British Government bought this to prevent Germany from doing it, and when America agreed the war it was formally agreed that the should pay part of the cost. For this purpose, President Wilson set aside \$5,000,000. Although Great Britain made a handsome profit on the iron ore deal, the lost about an equal amount on the molybdenum transaction.

"MORE BUYING" COMMITTEE TO MEET TODAY

Continued From Page One.

was necessary to stimulate industry. He declared that there never was a better time for buying.

May Fathers Idea.

David May was the author of the resolution calling for the appointment of the committee, which was passed at a meeting of retailers held at the Planters Hotel Monday night. He told of the complaints of East-end manufacturers that they must soon close because of lack of orders, and urged that a general campaign of early buying for the spring trade should be undertaken, to prevent closing of industries and unemployment.

The St. Louis movement thus far has no connection with the new Council of Retail Associations, the formation of which was announced in a dispatch from New York. Some of the members of the local committee believed it would be possible to establish working relations with the New York body. A buy-in-St. Louis campaign is being urged.

WOULD "CALL JAPAN'S BLUFF"

Governor of Wyoming Says It Is Time to Take Action.

CHEYENNE, Wyo., Nov. 24.—Gov. Robert D. Carey of Wyoming today declared in a telegram to Senator James D. Phelan of California that it is time for "United States and other nations to call Japan's bluff."

COUNCIL OF RETAIL ASSOCIATIONS IS ORGANIZED

Special in the Post-Dispatch. NEW YORK, Nov. 24.—Organization of a Council of Retail Associations was perfected yesterday at a meeting at the Hotel Pennsylvania by representatives of the National Retail Dry Goods Association, National Association of Retail Clothiers, National Garment Retailers' Association, Retail Milliners' Association of America, and National Shoe Retailers' Association. The project was launched at a conference held Aug. 19, and because there has never been such a coalition in this country all the details have not yet been worked out.

Low Hahn, managing director of the Dry Goods Association, whose 2000 members do an annual business of \$60,000,000, called the meeting to order. Salmon P. Halls of Cleveland, president of the same association, was then chosen chairman of the council, whose vice chairman will be Andrew Burkhardt, president of the clothiers. James Orr of the shoe men, Harry Bernard of the shoe men, Harry Bernard of the shoe men, representing the milliners, and Franklin Simon of Franklin Simon & Co. representing the garment men.

Discussion of price conditions, liquidation and kindred problems of the war it was formally agreed that the should pay part of the cost. For this purpose, President Wilson set aside \$5,000,000. Although Great Britain made a handsome profit on the iron ore deal, the lost about an equal amount on the molybdenum transaction.

Revision of existing laws in a way that is simple, equitable and will produce the revenue is proposed by the tax committee, and, since it would do away first of all with excess profits taxes, the retailers are almost as strong for it as they are for the repeal of the Lever act. An essential part of the Clark proposal is a turnover tax or a levy on sales. More details will be forthcoming when the new council meets in Washington, Dec. 13. It may then make a formal appeal to Congress.

In any event, most of the 19 councilmen each of the five associations is entitled to will then be present and the council will be prepared to say more positively what the 25,000 members stand for.

ADmits PART IN 14 HOLDUPS IN LAST 2 MONTHS

Harlan Downey, 23, and Younger Brother Arrested in Home and Several Suit Cases of Property Seized.

12 PERSONS IDENTIFY GOODS FOUND IN HOME

Older of Pair Said to Have Shuffle Like Man Seen to Run After Killing of Two Detectives Oct. 16.

Harlan Downey, 23 years old, of 1124 Madison street, admitted to the police at the North Market Street Station today that in the last two months he had participated in 14 highway robberies. He said that his brother, Frank Downey, 19, a musician, who was arrested with him, had nothing to do with the robberies, although several victims identified the younger prisoner.

Five warrants, charging robbery in the first degree, were issued today against the brothers.

The arrest of the brothers followed a report by Probationary Patrolman Prather Ford that he had observed them leaving and entering their home at unusual hours of the night. He watched them for two weeks and then informed his sergeant. Policemen went to the Downey home yesterday morning, when the brothers were asleep, and got them out of bed.

Prisoner Walks With Shuffle. Harlan Downey, due to an injury to one of his toes, which, he claims, was caused by part of the toe having been shot away in the war, walks with a peculiar shuffle. He rolls his own cigarettes and admits ownership of a tan raincoat. Lieut. Moran, who questioned the prisoners, recalled that witnesses who saw two men running from the lawn at 2363 Junata street after Detectives William A. Moller and Preston B. Anslyn were shot and killed the night of Oct. 16, had described one of the men as having a shuffling gait, wearing a tan raincoat and rolling a cigarette, asked Downey if he had ever been forced to shoot his way out of a predicament. Moran said the prisoner became nervous and replied that he had not.

When the brothers were arrested two suit cases containing watches, fountain pens and gold-handled knives were found in their room. Several pawn tickets for articles of jewelry also were found.

Milton E. Schutte, of 5093 Cabanne avenue, who formerly was a lieutenant in the army, identified an overseas medal, watch and knife found in the suit cases as having been taken from him in a holdup at Cabanne and Academy avenues Nov. 1. He also identified the two brothers as the highwaymen.

E. A. Russell, 4066 Lindell boulevard, who was robbed at Sarah street and Easton avenue last Saturday night; Robert Dietz, 1713 North Thirteenth street, who was robbed by two men at Twelfth and Howard streets Oct. 31; Charles H. Reid, of 4165A Shenandoah avenue, who was held up by two men at Klemm street and Shenandoah avenue Oct. 20; Deputy Sheriff Henry F. Schulte, 1811 Montgomery street, who was held up at Nineteenth and Warren streets Oct. 23; Dan Sator, 5861 Nina place, who was held up at

Other articles taken from the brothers were identified by John A. Langan, 4006 Evans avenue, who was held up by two men at Sarah street and Easton avenue last Saturday night; Robert Dietz, 1713 North Thirteenth street, who was robbed by two men at Twelfth and Howard streets Oct. 31; Charles H. Reid, of 4165A Shenandoah avenue, who was held up by two men at Klemm street and Shenandoah avenue Oct. 20; Deputy Sheriff Henry F. Schulte, 1811 Montgomery street, who was held up at Nineteenth and Warren streets Oct. 23; Dan Sator, 5861 Nina place, who was held up at

By the Associated Press. COUNCIL BLUFFS, Ia., Nov. 24.—Seven men and one woman, held in connection with the robbery of a mail car on the Burlington Railroad in this city on the night of Nov. 13, were arraigned in Federal Court today. All waived examination and were held under bonds of from \$10,000 to \$25,000.

Charges of robbing the United States mails and concealing money known to have been stolen from the United States mail train were entered against the defendants.

Commissioner Byers announced that if the stolen money was all recovered the bonds would be reduced. United States Marshals told of the finding of the money and of the confessions made by the accused men.

No estimate was made of the sum lost but United States Attorney Moran informally announced during the hearing that it was the largest mail robbery in the history of the United States.

Marshal Fred Shoemaker testified that in his confession, Fred E. Poffenbarger told that he divided \$25,000 with Keith Collins at the latter's home and that he and Orville Phillips opened four mail sacks from which they obtained \$25,000, some bonds and three diamond brooches. Collins, a former army lieutenant, is missing. His mother tried to kill herself last week.

Both have served sentences in the Booneville Reformatory. Harlan in 1912 for robbery, and Frank in 1914-15 for carrying a concealed weapon and escaping from the House of Detention by overpowering a guard. Harlan admitted serving 17 months of a five-year sentence at Fort Jay, N. Y., for desertion from the army.

ELLIS WITNESSES EXAMINED

Depositions of Four Taken in Preparation for Trial Jan. 3.

The depositions of four witnesses in the case of Albert Ellis, confessed slayer of Miss Edna Ellis, were taken yesterday before William J. Bliese, a special commissioner appointed by the court. The depositions were taken by Ellis' attorney, who desired to get the testimony in preparation for the trial, which is set for Jan. 3.

The witnesses heard were Chief of Police O'Brien, Chief of Detectives Hannagan, Lieut. Michael J. O'Brien and Chester Boenker, one of the boys who, before the arrest of Ellis, told of seeing a negro in the neighborhood where the crime occurred. The police officers were questioned about their examination of Ellis.

GENERAL HOLIDAY TO BE OBSERVED HERE TOMORROW

Practically All Business Will Be Suspended and Public Offices and Schools Remain Closed.

Thanksgiving day will be observed tomorrow by the closing of banks, markets, business establishments, public offices and schools and with special services in churches of all denominations. The holiday schedule of mail delivery and collection will be observed.

Elementary and other civic, social and welfare institutions will serve turkey or special dinners, or hold open-house functions, notable among which will be the annual dinner for newboys at the Rev. Father P. J. Dunne's home and the dinner for newboys, Garrison and Washington avenues, at noon.

Football games, outings and other outdoor sports will be the order of the afternoon celebration of the holiday.

Dinners for City Wards. Special Thanksgiving dinners, consisting in the main of turkey, chicken or green ham, with the usual side dishes, will be served in all city institutions.

The City Sanitarium will require 1800 pounds of beef, two barrels of cranberries and celery in addition to its regular supplies; Koch Hospital, 125 pounds of turkey; City Hospital, 750 pounds of chickens; City Infirmary, 250 pounds green ham and cranberries, while at the Bellefontaine Farms the boys will have fried chicken, celery, pickles, pumpkin pie, cranberries and coffee. The superintendent of the farms said everything on the menu was raised at the farm except the cranberries and coffee.

Many of the Protestant church denominations will unite in special services for prayer and thanksgiving and three officials of the Church Federation of St. Louis will preach at such services to be held simultaneously at 10:30 a. m. at Centenary M. E. Church, Sixteenth and Pine streets; First Presbyterian Church, Sarah street and Washington boulevard, and at the Presbyterian Church at Pattonville, St. Louis County.

The seventy-fifth anniversary of the founding of St. Vincent de Paul Society, the largest Catholic organization for relief of the poor, will be celebrated with special services at the Old Cathedral, Second and Walnut streets. Archbishop Glennon will preach.

Postoffice Schedule. The general delivery window at the main postoffice will be open from 8 to 10 a. m.; 12 to 1 and 5 to 6 p. m. All substitutions will be closed throughout the Workhouse. Delivery will be made to hotels in the morning, afternoon and evening.

DRUG USERS IN WORKHOUSE WILL MISS THANKSGIVING "TREAT"

18 Packages of "Dope" Taken From Addict for Prisoners, He Tells Police.

John Williams, 29, of 1521 Olive street, who, the police say, is a drug user, was arrested yesterday morning in the Workhouse at Broadway and Olive street and found to be carrying 18 packages of drugs believed to be cocaine, morphine and burned opium.

Nine of the packages, wrapped in tissue paper, were found in a matchbox which he carried. The other packages were found secreted in the seams of his trousers and coat. A hypodermic syringe and three extra needles, together with an eye-dropper and a spoon burned from being held over a flame, also were found in his possession.

On notes which he told the police officers the police found such names as "Honey Koskey," "Mexican Jim," "Sunny Barney," "Springfield," and "G. Miller." On the packages the name "Sweeney" appeared four times and the name "Dutch" appeared five times.

Williams, according to the police, said he had been given the drugs by another and said he wanted to give the prisoners a "treat" on Thanksgiving. He was held for the Federal authorities.

Benjamin F. Tobin Dead. DETROIT, Mich., Nov. 24.—Benjamin F. Tobin, 55 years old, organizer of the Continental Motors Corporation, chairman of the board of directors of the concern and for many years the corporation's president, died at his home here yesterday of acute indigestion.

Young Woman Takes Poison. Miss Ruby Humphrey, 24 years old, 2025 Acomac street, attempted to end her life last night by drinking a mixture of three poisons. She is at the City Hospital, where her condition is said to be serious. She was taken to the hospital from 1520 North Leffingwell avenue.

At the hospital she told the police that she had gone to the Leffingwell avenue address to have an interview with a woman for whom her fiancé had left her, who found the man there and he told her their engagement was at an end, she said. The girl said that she had been engaged for a year, had prepared for the wedding and had left her home in Belvedere, Ill., to be near her fiancé.

Benjamin F. Tobin Dead. DETROIT, Mich., Nov. 24.—Benjamin F. Tobin, 55 years old, organizer of the Continental Motors Corporation, chairman of the board of directors of the concern and for many years the corporation's president, died at his home here yesterday of acute indigestion.

Organized Labor Rebuked at Polls, Coolidge Says

Vice-President-Elect Declares Result of Vote Does Not Reflect People's Sentiment on League of Nations.

By the Associated Press. BOSTON, Nov. 24.—Vice President-elect Coolidge, speaking last night before a group of Boston business men, asserted that in the last election the country had expressed its opinion against organized labor as it had a few years ago against organized capital, and warned against the danger that labor might be divorced from a part in the Government, just as organized capital had been divorced. The issue of the League of Nations, Gov. Coolidge said, had not been decided by the people.

"I doubt," he said, "if any particular mandate was given at the last election on the question of the League of Nations and that that was the preponderant issue. In the South, where there was decided opposition to the league, they voted the Democratic ticket, and as far as the League of Nations was concerned in the North, the voting was with equal or even greater preponderance in favor of the Republican ticket."

Gov. Coolidge said that although he did not know "what is in the mind of Senator Harding," except what he had gathered from his speeches in favor of the league, he did know that the League of Nations brought back by President Wilson was "dead." Whether the people would decide to use the old league as a working basis in forming a new one, that would be the question, the Governor asserted.

Organized Labor. In his reference to organized labor, Gov. Coolidge recalled the address to Dartmouth College

men last winter he had pointed out the growth of corporate wealth "which had brought with it the fear that it would undermine the foundation and dominate our Government," and that this fear resulted in "the curtailment of corporate power and influence in our Government."

"And then I also called attention," he continued, "to what I thought was coming to be a very similar situation on the part of organized labor, which had played so important a part in the machinery of our Government. I think the people of our country heeded that warning and carried out that determination regarding organized labor at the last election."

"But now we do not want to make the same mistake with organized labor that was made with organized capital—to divorce it entirely from the affairs of government. We need at the present time all the organizations we have in America that will tend to uphold and improve, to act together for the common good of all. We don't want to disintegrate any of the forces of good. We want all the sound advice and counsel we can get, from whatever source."

Danger of Reaction. "There is grave danger of a reaction at the present time, of a reaction that will not be of permanent benefit to the United States. You know when the people of the United States get started along a given line they are apt to go to extremes, or to go farther than the facts and circumstances warrant. It may be well for all of us to realize that the Government of the United States is organized for justice to all and that each should have an influence in its control."

The dinner at which the Governor spoke was given in his honor by the Commercial, Merchants' and Beacon clubs at the Algonquin Club.

PITCHER VAUGHN STABBED BY FATHER-IN-LAW IN ROW

Argument Starts Over Divorce Proceedings, Dropped After a Reconciliation.

By the Associated Press. KENOSHA, Wis., Nov. 24.—Jim (Hippo) Vaughn, a pitcher for the Chicago "National League" baseball club, was stabbed by his father-in-law at midnight during an argument.

The stabbing followed an argument prompted by the divorce proceedings of the Vaughns, the case of Mrs. Vaughn having been scheduled for hearing yesterday. Mrs. Vaughn's father is said to have been angry over charges made by Vaughn that his wife had been friendly with other men.

Mr. and Mrs. Vaughn effected a reconciliation before the case came up. They agreed to live together again and returned to their home there. Their 9-year-old son was with them.

As Vaughn was returning to his home he was met on the street by his father-in-law, Harry De Bolt, and an argument followed. De Bolt, according to the police, slashed at the

pitcher with a razor, cutting through his overcoat and inflicting a slight wound in the stomach. The wound is not serious. Vaughn probably will be able to leave the hospital within a few days.

De Bolt disappeared. He has lived in Kenosha with his family for five or six years.

\$66,000 SUBSCRIBED FOR HOME FOR NEGRO ORPHANS

Campaign of Nine Days Closed Monday Night, With Goal Exceeded by \$16,000.

The negroes of St. Louis subscribed \$66,000 to a fund for the erection of a negro orphan's home in a nine-day canvass, which closed Monday night, according to an official announcement from the Campaign Committee. The amount raised exceeded the amount necessary for the housing of the same by \$16,000, the original goal for the drive being \$50,000.

Night and day solicitation on the part of the teams was responsible for the success of the campaign. It was said today by the Negro Y. M. C. A. One contribution of \$10,000 was received. Work on the new home, which is to be erected at Goode and Cottage avenues, will be started in the spring.

Death brought the motor vehicle fatalities since Jan. 1 to 101, as compared with 85 for the same period last year.

Policemen reported that Schlenger had started from the south to the north curbing of Chestnut street in the middle of the block crossing. The automobile, driven by Walter Forshee, 19 years old, of the Milton Ford, 1602 Market street, was being driven west in Chestnut street.

Forshee was charged with felonious wounding at the time and told the police Schlenger dodged from behind another vehicle directly in the path of the truck. He gave bond and will be rearrested pending a coroner's inquest.

Schlenger was unconscious when taken to the hospital. He was married.

JOHN LEWIS TELLS WHY HE CALLED OFF STRIKE

Head of Miners States Tumultly Told Him Mails Would Be Closed to Union.

John Lewis, president of the United Mine Workers of America, in an address last night at the Lyric Theater in Belleville, told why he called off the miners' strike last fall. He said that Joseph Tumulty, President Wilson's secretary, told him that if the strike continued the organization would be excluded from the gap of the mails and the telegraph and the Federal troops would be called out and a proclamation would be issued excluding the miners from social and business intercourse.

If he had not called off the strike, he said, the same fate would have overtaken the organization as overtook the railway men's organization in 1914, when Eugene V. Debs ignored the orders of the President and went to jail. The railway men's organization was destroyed, he said, and it did not regain its strength for 20 years.

"If I had followed the dictates of some of the miners," he said, "I would have gone to jail. I might have had a martyr's honor but the union would have been destroyed."

Under no conditions, he said, would the miners stand for a reduction of wages when the present agreement expires in April. It was evident, he said, that the big interests were determined to force wage reductions but the miners would not surrender what they had gained through years of effort.

Lewis is a candidate for re-election. His speech was in furtherance of his candidacy. Vice President Philip Murray also spoke along the same lines.

STREET INSPECTOR HIT BY AUTO DIES IN HOSPITAL

F. W. Schillingman Struck Yesterday 101 Motor Vehicle Fatalities This Year.

Frederick W. Schillingman, 68 years old, of 1726 Carr street, an inspector in the city Street Department, died at the city hospital at 4 a. m. today from a fractured skull suffered yesterday at noon when struck by an automobile truck of the Maurer Cash Market, 1525 Market street, on Chestnut street about 50 feet west of the Twelfth street crossing.

The death brought the motor vehicle fatalities since Jan. 1 to 101, as compared with 85 for the same period last year.

Policemen reported that Schlenger had started from the south to the north curbing of Chestnut street in the middle of the block crossing. The automobile, driven by Walter Forshee, 19 years old, of the Milton Ford, 1602 Market street, was being driven west in Chestnut street.

Forshee was charged with felonious wounding at the time and told the police Schlenger dodged from behind another vehicle directly in the path of the truck. He gave bond and will be rearrested pending a coroner's inquest.

Schlenger was unconscious when taken to the hospital. He was married.

SIMMONS WILSON
Hot Blast Heater

The air enters at the top, mixing with the combustion gases and fire, producing heat units to the full efficiency of the fuel used, doubling the heat units. In other words, only half the amount of fuel used in ordinary heaters is necessary. The **SIMMONS WILSON** is air-tight, making perfect combustion possible and a fire can be held 36 hours.

SIMMONS HARDWARE COMPANY

RED CROSS ROLL CALL WILL END TONIGHT

Number of Memberships This
Year Expected to Exceed
1919 Total of 140,000.

The Red Cross roll call, which began Nov. 17, ends today. Although only approximate figures are obtainable, it now appears that the total of 140,000 memberships, obtained in last year's roll call, has been exceeded this year. Special booths were set up yesterday in car barns and other buildings of the United Railways, to accommodate motormen, conductors and shopmen who desired to enroll. The booths were in charge of women in the emergency corps recently formed to assist the women's division. Complete returns from the roll call campaign are not expected to be in before the latter part of next week, as the work of checking up the various districts and compiling the total will require several days. No reports have been received from St. Louis County, except the general one that the response has been much greater than was expected. Yesterday was perhaps the busiest day of the campaign. Women of the motor corps were kept occupied delivering supplies to the various headquarters.

JOSEPH D. BASCOM ELECTED PROVIDENT ASSOCIATION HEAD

Jackson Johnson, Vice President; A. O. Wilson, Treasurer, and C. M. Hubbard, Secretary.

Joseph D. Bascom of the Broderick & Bascom Rope Co. was elected president of the Provident Association yesterday, succeeding Thomas H. West, who, however, will continue as a member of the board of directors. Other officers elected were: Vice president, Jackson Johnson; treasurer, A. O. Wilson; secretary and general manager, C. M. Hubbard; honorary vice presidents, Murray Carleton, Benjamin Graiz, R. H. Stockton and Rolla Wells.

The report of the general manager showed that 765 families were cared for in October, and that the Woman's Lodge provided 194 days' care for homeless women and children. There were 2575 visits made by social workers.

32 DEATH SENTENCES IN ARMY

None of the Condemned Men, However, Were Executed.

By the Associated Press. WASHINGTON, Nov. 24.—Thirty-two persons in the army were sentenced to death by court-martial during the last fiscal year, but in no case was the sentence carried into effect. Major-General E. H. Crowder, Judge Advocate-General, says in his annual report. Twelve of the death sentences were disapproved, 19 reduced to imprisonment ranging from life terms to five years, and one case was pending on review when the report was compiled. Eight were found guilty of misbehavior in the face of the enemy, and one was sentenced as a spy.

Trials for desertion were slightly less numerous than during the preceding years, but the comparative number was larger. Confinement for life was imposed in 42 cases, 31 of the sentences being approved, two disapproved, eight mitigated to shorter terms. One pending awaits final action. In all, 236 officers were sentenced to dismissal after court-martial. Of these 134 sentences were approved.

Elimination of Discounts Urged.

By the Associated Press. ATLANTIC CITY, N. J., Nov. 24.—Resolutions urging elimination of discounts to retailers, the object of which, it was announced, was to reduce prices and stimulate buying, were adopted yesterday by the Associated Dress Industries of America, in annual convention here. The resolutions pointed out that the discount allowed by manufacturers to retailers amounted to about \$40,000,000 a year.

TWO MANAGERS OF CHAIN GROCERY STORES HELD UP

Robber With Revolver Stops Benjamin Strathaus and Takes \$150 of Kroger Receipts.

HIGHWAYMAN FORCES ANOTHER TO CLOSE

Marches Him Into an Alley, but Fails to Find \$33 in His Pocket—Other Robberies Reported.

Two managers of Kroger grocery stores were held up last night by robbers who evidently intended to get the day's receipts.

Benjamin Strathaus, 3602 North Eleventh street, manager of the Kroger store at 3441 North Fourteenth street, was on his way home at 8:30 p. m. when a man with a revolver stopped him in front of 1113 Mallinckrodt street and took \$150 of the company's money.

Paul Richardson, manager of the Kroger store at 1408 North Garrison avenue, was getting ready to close up when a young man entered.

"What time is it?" he asked Richardson, who was alone in the store, replied that it was 8:55.

"You close in five minutes, don't you?" asked the visitor, and Richardson said he did.

Marches Man to an Alley.

"Well, you're going to close right now," said the stranger, thrusting his hand in his coat pocket and pointing it toward Richardson. "Put the money in your pocket and come with me," said the man. He took Richardson to an alley off Garrison avenue, between Thomas and Dickson streets, and went through his pockets, removing all the papers.

Later, at the police station, as Richardson was showing how he had been robbed, he felt something inside his vest, and, opening it, discovered that an envelope containing \$33, which was all the money he had put in his pocket, had fallen inside his vest when the robber removed other papers from his coat pocket, and he had lost nothing.

Samuel Stein, a shoe dealer at 1517 Market street, reported to the police that as he was walking on Sixteenth street, between Pine and Chestnut, at 3:15 yesterday afternoon, a highwayman held him up and took \$25 and his watch. It was hardly dark then and there was much traffic on adjacent streets.

Negro Shoots Mexican. Alvaro Lofiana, a Mexican, of 368 Calvary avenue, showed fight when a negro with a revolver held him up at Aurora avenue and the Terminal railroad tracks at 4:30 p. m., and the negro shot him in the hip. He was taken to the city hospital.

Branch F. Spencer, who recently moved from 1574 Waterman avenue to 4458 West Pine boulevard, discovered that during the process of moving something happened to his liquor "stock." Before he left the old address, Spencer says, he had four cases of whiskey and a quart of gin. When, for reasons known to himself, he took occasion yesterday to examine the stock, he found the whiskey bottles filled with colored water and the gin receptacle filled with water that was not colored.

While members of the family of Charles Foster, 1504 Helen avenue, were absent yesterday, robbers entered and took \$330 worth of War Savings Stamps, and two rings valued at \$30.

33 Pairs of Pants Stolen.

Sometime yesterday, when employees were working as usual in the building, someone entered the factory of Owens-Schneider, on the sixth floor at 1110 Washington avenue, and stole 33 pairs of trousers, the owners reported to the police. The loss was placed at several hundred dollars.

The Gibbs Drug Co. store at 3903 Easton avenue, was entered early yesterday, and two cases of whiskey, six gallons of alcohol and \$15 was taken. An ineffectual attempt was made to break open the safe.

Money for Cuban Sugar Planters.

HAVANA, Nov. 24.—The National City Bank of New York has notified its Havana branch to place \$10,000,000 at the disposal of Cuban sugar planters, to enable them to prepare for the coming crop.

THANKSGIVING TEAS AND DANCES PLANNED

Home Events to Share Honors
With Several Large Club
Affairs This Year.

THE usual home affairs on Thanksgiving day will share honors this year with several large teas and dances at the various clubs. Mrs. George McNulty of 4419 West Pine boulevard will entertain with a dance for 100 members of the younger set at the Woman's Club, in honor of her niece, Miss Dorothy Wise. At the St. Louis Club the Sigma Alpha Epsilon fraternity will entertain with a large dance for the college set and from 4 to 7 o'clock Mr. and Mrs. Martin Lammert Jr. and Dr. and Mrs. E. H. Higbee will be hosts at a mixed tea followed by a dance at the home of the former, 4490 Lindell boulevard. Assisting them will be Misses B. B. Culver, H. B. Hurd, S. T. G. Smith, Edward Mead, Norman Lincoln, R. S. Culbertson, C. H. Fisk and Mansfield Day. Those serving will be Mrs. Arnold Morrow, Mrs. Floyd Augustine, Misses Mignon Morrow and Irene Smith. Three members of the school set who will serve punch are Misses Ruth Curry, Elise Lammert and Mary Fisk.

Social Items

Announcement was made today of the engagement of Miss Pauline Russell.

**Is Your Blood Starving for Iron?
Then Eat Spinach and Apples
And Re-enforce Them With a Little Organic Iron Instead of Taking
Stimulating Medicines.**

If your blood was falling down as a result of a bad foundation you would not waste your time in merely trying to prop it up, but you would replace and strengthen the foundation. Organic iron is the foundation of your blood. When your blood is starving for iron no more forceful stimulants can put you right. You must have iron, for without it your blood cannot absorb and assimilate your food and build and nothing you eat does you the proper amount of good. You do not get the strength out of it. To get organic iron you must eat the roots of fruits and vegetables and the buds of grains as our forefathers did, or take organic iron from time to time and eat more such strengthening foods as spinach and apples. But be sure that the iron you take is organic iron and not metallic iron or mineral salts which are usually taken as metal. Organic iron is just as it comes from the action of strong acids on small pieces of iron, and is an entirely different thing from organic iron.

Organic iron is like the iron in your blood and like the iron in spinach, lentils and apples. It may be said that you would get the same amount of iron from your drug store under the name of Nuxated Iron. Nuxated Iron represents organic iron in such highly condensed form that one dose of it is estimated to be approximately equivalent in organic iron content to ten spoonfuls of spinach or a quart of green vegetables or a dozen apples. Over 4,000,000 people annually are using Nuxated Iron. It will not more the teeth nor disturb the stomach. A few doses will cause you to eat more food, give you new strength and energy and quickly re-vitalize without exhausted nerves. Your money will be refunded by the manufacturer if you do not obtain satisfactory results. Beware of substitutes. Always insist on having genuine organic iron—Nuxated Iron. Look for the letters N. I. on every tablet. At all druggists.

**NUXATED IRON ENRICHES THE BLOOD—GIVES
YOU NEW STRENGTH AND ENERGY**

Unlimited power to perfect Troco

Mr. A. E. Hoffman, the butter expert who supervises the production of Troco, has unlimited power in this work.

His authority is absolute and his requirements exacting. He naturally demands the best to get the best results.

These results are—perfected Troco—a new wonderfully sweet and delicately flavored Troco—the fancy brand of nut margarin.

We built a new plant

To give Mr. Hoffman every facility we built a new up-to-the-minute plant.

Laboratory equipment is elaborate—sanitation unrivaled. Every condition is ideal.

30 years experience

For over 30 years Mr. Hoffman has made and judged butter and taught butter making at leading dairy schools.

This experience taught him to perfect Troco, since it is churned like butter with coconut fat replacing butter fat.

If you are particular about food products—if you appreciate true delicacy and sweetness of flavor, specify Troco.

For sale by leading dealers.

HER ENGAGEMENT HAS BEEN ANNOUNCED

Miss Felice Swords

sell, daughter of John Bent Russell of 3943 Lindell boulevard, to Charles Whitfield Collier, at a small bridge party with which the prospective bride's sister, Miss Katherine Russell, entertained at their home. The wedding will take place in February. Miss Russell was educated at the Visitation Convent at Springfield, Mo. Mr. Collier is the son of Justice N. C. Collier of 3533 Clemens avenue. He received his education at the University of Missouri, and is a member of the Phi Gamma Delta fraternity. During the war he served in France for two years with the Washington University Hospital Unit.

APOLLO CLUB OPENS ITS TWENTY-SEVENTH SEASON

Artistic Choral Singing at Times at Concert at Odeon. Recalls Body's Halcyon Days.

Intimations of artistic choral singing were more than once discernable during the concert with which the Apollo Club, under the prima donna directorship of Charles Galloway, opened its twenty-seventh season last night at the Odeon.

In a difficult and excellent "Spanish Song," by Neuberger, in "Marguerite," by Chaswick, and in "Twilight," by the scholarly Dudley Buck, the chorus of male singers exhibited a euphony of voice, a vigor or rhythm and a discipline of expression which recalled the halcyon days of this organization. In the "Spanish Song," however, the voices entrusted with the melody often began the stroke of the line with wavering hesitancy.

Other choral numbers were "The Pilot," by Carl Figue, and "Up and On," a martial patriotic song by Macfarlane. Several encore numbers were given.

John Hand, a newcomer of the tenor clan, was soloist. He has some fair notes in his voice, and was amply received by the big audience. But often he sang huskily, and off the pitch; his style was laudably to a degree. He has the mannerism of seizing a tone between his teeth and worrying it, with violent shakings of the head. His principal attempt was the "Cello e mar" air from "La Gioconda."

Invitations have been sent out by Mr. and Mrs. John F. Queney of 3433 Hawthorne boulevard for a dance with which they will entertain Dec. 10 at the St. Louis Club, in honor of their daughter, Miss Olga Queney.

Miss Julia Papin, daughter of Mr. and Mrs. Edward V. Papin of 4642 Pershing avenue, returned yesterday from the East, where she has been visiting since last spring.

Mr. and Mrs. Ben Selkirk Jr. of 4352 Delmar boulevard are receiving congratulations upon the arrival on Nov. 22 of a son, whom they have named Bruce. Selkirk. Mrs. Selkirk was formerly Miss Mary Rose Burleigh.

The marriage of Miss Mercedes Dwyer, daughter of Mrs. Elizabeth Dwyer of 4336 Lindell boulevard, and Victor Caldwell of Omaha, was solemnized at 11 o'clock this morning at the home of the bride's sister, Mrs. Gunnar Charlander, 10 North King's highway, in the presence of the relatives and a few intimate friends. The Rev. Father Wilbur performed the ceremony. John Caldwell of Omaha, brother of the bridegroom, was best man and the only attendant. The bride wore an embroidered brown duvety frock with a brown mullin hat and a corsage of orchids and valley lilies. After a bridal trip the couple will reside in Omaha.

Miss Ethel May Miller, daughter of Mr. and Mrs. Charles Franklin Miller of 5129 Cates avenue, and Alfred M. Harris, will be married at 8:30 o'clock this evening at the Pilgrim Congregational Church, the Rev. Samuel Woodrow officiating. Mrs. Perry Hanson, sister of the bride, will be matron of honor and the bridesmaids will be Misses Louise Brouster, Ruth Wilson and Virginia Fowler. Little Helen Hazard will be flower girl. Mr. Harris will be attended by the bride's brother, C. Ray Miller, as best man, and the groomsmen will be Perry Hanson, Earl Jordan, Roland Fowler and Harold Jordan. The bride will be gown in white satin and Chantilly lace. Her attendants will wear tulle frocks of pastel shades with bouffant overdresses and trains of silver cloth. They will carry bouquets of Queen's roses with streamers of silver ribbon.

A reception at the home of the bride's parents will follow the ceremony, after which the couple will depart on their honeymoon. They will reside at 6047 Kingsbury boulevard.

Why has no other instrument
been subjected to
the TONE TEST?

There are many devices for the reproduction of sound—more than ninety makes, it is said. Many are widely advertised. Why has but one been subjected to the Tone Test? The reason is clear. There is but one which can meet the Tone Test, and that is

The NEW EDISON

"The Phonograph with a Soul"

The Tone Test is the supreme and searching test of an instrument's quality. In a Tone Test, the artist stands beside the instrument and sings in direct comparison with the New Edison's RE-CREATION of his voice. Occasionally the singer ceases while the instrument continues alone. Can you tell when the break occurs? That is the question. Can you distinguish the living voice from the RE-CREATED voice? More than two million people have sought to do so. Not one has succeeded. More than 1500 public Tone Tests have been conducted. Always the New Edison has emerged successfully.

Come into our store and satisfy yourself about the New Edison. We will gladly demonstrate it.

The Accents of a Costume

YOUR hat, your dress, your wrap, your shoes, they're all a matter of taste—your taste; but in the accessories the fascinating matter of personality begins.

Some personalities take a gleam of fire-light through an amber pendant; others show best through a Chantilly lace fan; another glitters in every line of a gold and black enamel cigarette case with a pearl tassel. Couldn't you read a woman's character by the trifles on her dressing table? . . . Are you quaint and charming? Are you daring and ultra-modern? Are you so individual that you just avoid being "arty"? Then—show it in the accessories you choose!

The fluff of lace sachets, the sparkle of platinum-set, diamond-circled cuff pins, the curl of an ostrich and peacock feather fan on a carved ivory stick, the very French perfume that you would get a whiff of if you were having tea at the Pré-Catelan at this moment, they are all shut up between the covers of—

Whether it's jade and seed pearls, or amber swinging in a gold circle, or black enamel and diamonds every woman loves to dangle a bit of personality at the end of a cord

The Christmas Gifts number of VOGUE

dated December 1

THE personal gifts that Vogue has selected for you are shown in these pages. And these nine pages, like a Windsor portrait, contain the experience of a lifetime. Little shops, big shops, Fifth Avenue shops, out-of-the-way specialty shops—the best they have to offer you is in this number of Vogue.

As for fashions—Paris sends its last magnificent word in evening gowns and wraps and approves black velvet as the most favored material for the winter mode. And Vogue shows twelve black velvet models as suggestions for your black velvet frock.

If you are interested in shoes—and what woman isn't!—you will find that the very most charming ones that click their heels on the Avenue have been photographed for this issue.

And then, of course, there's what every woman wants to know about furs—from the way that Doucet does it, to the "little furs" which will be vogue by the clever and savvy of her friends.

In fact, this number seems to have been made especially for you.

Would You Trade Places With Your Grocer?

Would you undertake the constant bargaining with producers, manufacturers, wholesalers, to keep prices down?

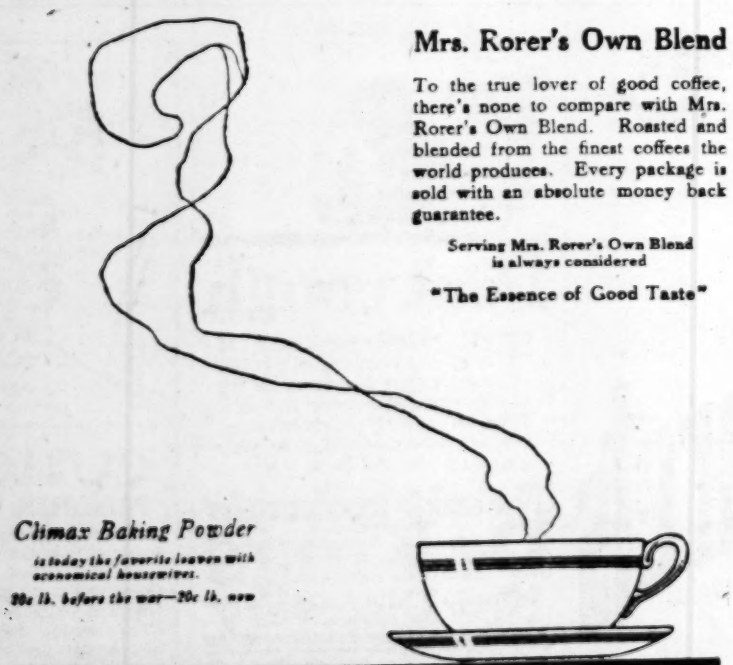

—the risk and responsibility of accumulating a stock of food supplies to satisfy the varied wants of many different customers?

—the cheerful response to hundreds of calls each day for table things on which he makes a trifling profit, oftentimes actually suffering a loss?

—the long hours behind the counter, from early morning till late at night?

With all the hard work and small profits it is really a thankless undertaking. His principal compensation is the knowledge of real service, well performed.

Your grocer can make a fair living only when he has your full co-operation and undivided support. Start giving him that today.

12 MINERS HURT WHEN CAGE DROPS 150 FEET

Men Injured When Being Lowered to Their Work at Williamson, Ill.

Twelve men were injured when a cage dropped 150 feet down the shaft of Mine No. 2 of the Mount Olive and Stanton Coal Co. at Williamson, Ill., 28 miles northeast of St. Louis, at 7 a. m. today.

Mike Hollowich's right leg was broken and G. Bertoldi received internal injuries. The 10 others seemed to have escaped with minor hurts, but there was a possibility of internal injuries and all were sent to St. Francis Hospital at Litchfield, being taken to Stanton in automobiles and from there to Litchfield on a special car of the Illinois Traction Co.

The 600 men employed in the mines were being lowered in the two cages. Twenty-nine cage loads had been lowered. As the thirtieth load was descending the 20-foot shaft and was half way down, Hugh Menk, the engineer, tried to shut off the power, as usual, to gradually slacken the speed of the descent. The engine did not respond and the cage plunged to the bottom, only partially checked by the counterbalance of the empty ascending cage.

When the descending cage struck the bottom the men were piled in a heap and most of them were rendered temporarily unconscious. They were extricated by men who had gone down before and sent to the surface, where they were attended by three physicians, one of whom accompanied them on the trip to Litchfield.

The 10 others were John Hunter, John Stenholz, Joseph Ballestracci, Joseph Kilkovich, Blasie Elsbacher, John Colcak, George Backan, James Wathern, C. Zazana and Joseph Frizze.

DRUG ADDICT FOR 20 YEARS SENT TO LEAVENWORTH FOR YEAR

Judge Faris Says He Will Try to Effect Cure Where Medical Profession Has Failed.

Childs Beecher, a former balloonist, who was arrested several months ago on a charge of violating the anti-narcotic act and who introduced medical testimony to prove that he was an incurable drug addict, was sentenced to a year and a day in the Federal penitentiary at Leavenworth by Federal Judge Faris today.

After hearing the testimony of Dr. Harry R. Barton, to the effect that Beecher's case was incurable, and that this explained his having drugs in his possession when arrested, Judge Faris said he would try to effect a cure where the medical profession had failed, and handed down the sentence.

Edward A. Rathel, attorney for Beecher, said that his client had been injured in a balloon accident 20 years ago and had developed the drug habit at that time. Dr. Barton testified that he had tried to cure Beecher on several occasions, and that deprivation of the drug in each case nearly cost the patient his life. In response to a question from Judge Faris, the physician said that possibly 5 per cent of drug addicts were incurable and deprivation of the drug probably would mean death to them. Judge Faris rejected Rathel's plea for leniency for his client and pronounced sentence. Beecher is married and has a family. His testimony showed he had used cocaine and morphine throughout 20 years.

George Green, a negro, was sentenced to 18 months in the Federal penitentiary after evidence was introduced to show that he had been a persistent opium smoker for 21 years and that he had been arrested several times for having the drug in his possession.

Thanksgiving Dinner for 10 Cents.
By the Associated Press.
MACON, Ga., Nov. 24.—A "complete" Thanksgiving dinner for 10 cents is offered for tomorrow by Mrs. H. D. Arthur, stewardess of the Macon Telephone Exchange, to employees. Mrs. Arthur said she expected at least to "break even" on the dinner and announced the unlimited portions would consist of baked goose with cranberry sauce, oyster dressing, stewed corn, celery, rolls and coffee.

Catarrh Will Go

Help Comes in Two Minutes—Complete Relief in a Few Weeks

Don't go on hawking yourself sick every morning; it's cruel, it's harmful and it's unnecessary.

If after breathing Hyomel, the wonderworker, you are not rid of vile catarrh you can have your money back. No stomachic dosing—just take the little hard rubber pocket inhaler that comes with each outfit, and pour into it a few drops of Hyomel. Breathe it according to directions. In two minutes it will relieve you of that stuffed-up feeling. Use it daily and in a few weeks you should be entirely free from catarrh.

Breathing Hyomel is a very pleasant and certain way to kill catarrh germs. Get a Hyomel outfit today. It's sold by druggists everywhere with guarantee to quickly and safely cure catarrh, croup, coughs, colds, sore throat and bronchitis. It's money back. It's inexpensive. Wolff-Willson can supply you.

MI-ONA Ends indigestion

It relieves stomach misery, sour stomach, belching and all stomach disease or money back. Large box of tablets at all druggists in all towns.

Grove's Iron Tonic Syrup

Pale Children Need Iron

Iron in Syrup form is more readily digested and assimilated than Iron Pills or Iron Tablets, and naturally you get quicker results. The Iron in GROVE'S IRON TONIC SYRUP is digested as soon as it is swallowed and, therefore, is promptly assimilated. You can soon feel its strengthening, invigorating effect. The Syrup is flavored and children love to take it. Contains no Nux-vomica or other poisonous drugs, therefore, it can be given to The Baby, The Child, The Mother or The Grandmother with perfect safety. 75c.

Signs Of Disease

The First Signs of Disease Are a Poor Complexion, Weakness, Emaciation and Lack of Vitality.

The first sign of returning health is increase of flesh, energy and strength. Weakness, emaciation and lack of ambition simply mean that certain indispensable substances like iron, which you must have to give strength to your blood, have become exhausted. To renew flesh, muscle and strength, the iron must be restored. Chase's Blood and Nerve Tablets contain iron in an active and condensed form with such tonics as Nux Vomica, Gentian, Aloin, Capicum and Zinc Phosphide, which assist nature in making them a valuable flesh and strength builder and an efficient restorative to the nerves, giving health to the weak, emaciated, convalescent and overworked. Price 60 cents. Special (Stronger, more Active 90 cents.)

Post-Dispatch WANT ADS are furnished servants, ready to wait on you at moment's notice.

A better phonograph in a finer cabinet

THE exclusive Brunswick Method of Reproduction revolutionized old-time methods, setting new tone standards, producing truer, sweeter tones than you have ever heard before.

The Brunswick Method is based upon two remarkable inventions. One, the Ultona, is an all-record reproducer, accurately counter-balanced to lessen surface noises. It enables The Brunswick to play any record made, just as it should be played, and without the use of attachments.

The other, the Oval Tone Amplifier, is an all-wood tone chamber, scientifically shaped according to acoustic laws, allowing tone waves to amplify in the proper, natural manner.

It is only to be expected that every Brunswick is a notably fine piece of cabinet work. For Brunswick's master woodcraftsmen were famous for their skill long before phonographs were thought of.

All we ask is that you see and hear The Brunswick before you choose your phonograph.

Also ask to hear the new Brunswick Records, which any Brunswick dealer will gladly play for you. They can be played on any instrument using steel or fibre needles.

PHONOGRAPHS AND RECORDS

BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspirinal, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter if Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspirinal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories, tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal, and tell him to serve you two teaspoonsful with four teaspoonsful of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be haphazard, for the druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspirinal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.

ADVERTISEMENT

HOME-MADE, BUT HAS NO EQUAL FOR COUGHS

Makes a family supply of really dependable cough medicine. Easily prepared, and saves about \$2.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with croup and you want quick help, try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds. There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., St. Wayne, Ind.

HOW OLD ARE YOU BY YOUR HAIR?

You may be thirty in years, but if you are bald-headed, gray or your hair is dry, brittle, scraggly and ugly-looking people will surely take you to be many years older.

If you want a lot of good-looking healthy hair the roots must be immediately vitalized and kept properly nourished. To do this quickly, safely and at little expense, get from your druggist a bottle of Parian Sage and use as directed. A little attention now will insure plenty of beautiful hair for years to come.

Parian Sage is guaranteed to keep away all dandruff, stop scalp itch and falling hair and stimulate a new growth, or money refunded. It's in great demand by women who always "look their best," because it makes the hair so soft, lustrous, easy to arrange attractively and appear much heavier than it really is.

A massage with Parian Sage is a real delight—easy to use, not sticky, and faintly perfumed—an antiseptic, clean liquid that does not change the natural color of the hair.

AIRPLANES TO RACE TOMORROW FOR PULITZER TROPHY

Latest Craft Designed for Speed to Take Part in Contest Over Marked Course of 132 Miles.

VERVILLE - PACKARD IN TRIAL FLIGHT

Army Men Expect New Machine to Outclass Other Entries—Accident to Fokker Plane.

By Leased Wire From the New York Bureau of the Post-Dispatch.

NEW YORK, Nov. 24.—A tryout of the army air service crack speed machine, the Verville-Packard, at Mitchell Field, Mineola, yesterday, raised the spirits of army pilots entered for the big Pulitzer trophy air race tomorrow to top notch. If the machine performs tomorrow as in its trials they believe the navy stands no chance of capturing the big prize.

Its flight was the more remarkable for the reason that it was the first time its pilot, Capt. C. O. Moseley, had taken it off the ground. Brigadier-General William Mitchell, chief of operations, army air service, was among those who watched it. Gen. Pershing's acceptance of the invitation of the Aero Club of America to attend the races was received yesterday. America's commander-in-chief overseas will motor to Mitchell Field from Roslyn, where he is staying.

With clearing weather promised for today it is anticipated that some of the fastest planes will race over the measured mile and kilometre course which starts on Roosevelt and ends on Mitchell Field.

Trial of Verville-Packard. It was about 12:30 yesterday when the event to which the little crowd of aviators and Aero Club officials were looking forward—the tryout of the Verville-Packard—took place. The machine appeared small, out of all proportion to its 600-horsepower engine. Its wing spread is about 29 feet and it looks fit to be a tender for one of the big NC planes which made the Transatlantic flight.

Capt. Moseley and his mechanic gave the engine a warming up of more than 20 minutes before it was considered fit for the hop-off. Spectators were attracted by the sight of a soldier sitting on the axle under the nose of the machine and directly behind the whirling propeller until word was given for the start. His duty was to help the wheel blocks hold the plane in place until all was ready.

At last Capt. Moseley climbed into the pilot's seat, tested the controls and gave the signal. The man left the axle and scurried aft. Others yanked the wheel blocks away and the Verville-Packard was off with a whirl, trailing clouds of smoke.

Flies After Short Run.

She left the ground with not more than a hundred-foot run and climbed like a falcon. At a safe altitude Capt. Moseley began putting her through her paces. Observers exclaimed in admiration at her speed and maneuver ability.

With the throttle wide open, she emitted so much smoke that, tall on the view of the machine was obscured from the ground. The flight lasted about 2½ minutes, during which her pilot circled the racer above the field, going west as far as Mineola and east to East Meadow.

The Verville-Packard's performance dissipated doubts that, although fast on the straight-away, it would be able to negotiate the turns on the triangular racecourse for the Pulitzer trophy. So far as has been shown, it is the queen of flying machines.

Covers 132 Miles.

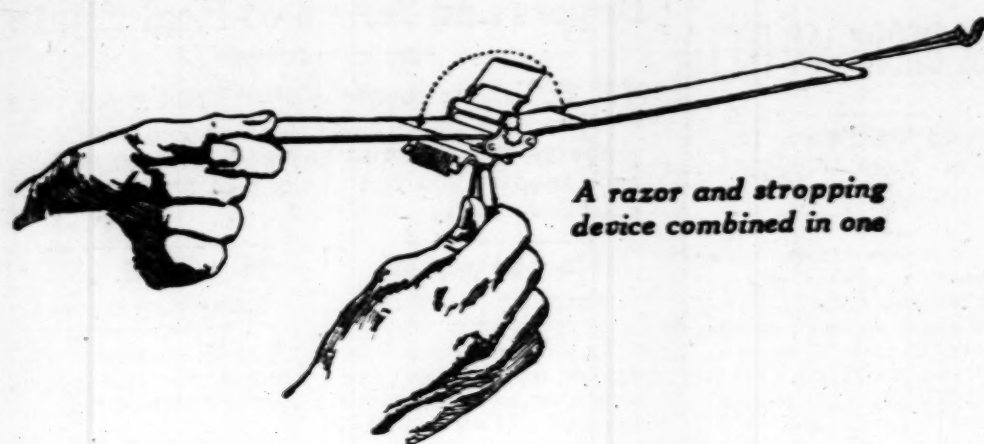

Navy pilots, however, gave no sign of being disheartened. After the exhibition they were as cocky as before in promising they would show the plane their tail designs. The fastest reliance is the Loening Special, which they claim will outfly the army pet over the 132-mile course.

Many of the racing machines reached Mitchell Field yesterday through the murky skies from other flying field, and one accident was recorded to a machine en route. This was the German Fokker, with 300-horsepower Packard engine, considered among the best prospects for lifting the trophy.

In charge of Lieut. J. A. Macready, it was on its way from McCook Field, Dayton, O. In landing at Buffalo one wing was damaged. Orders were given to ship the plane on by train, and it is hoped to make repairs in time to get it in the race.

Navy Announces Types of 15 Planes Entered in Race.

WASHINGTON, Nov. 24.—The Navy Department has announced the types of 15 planes it has entered for the Pulitzer trophy contest to be held at Mineola, N. Y., Thanksgiving day, the list including two special model monoplanes and two triplanes, which will compete for the invitation prize. Lieutenant-Commander V. C. Griffin Jr. will have charge of the navy entries, whose pilots will include both officers and enlisted men of the navy and marine corps.

A "new" sharp edge every day

No "pull," no "scrape" with this unique razor

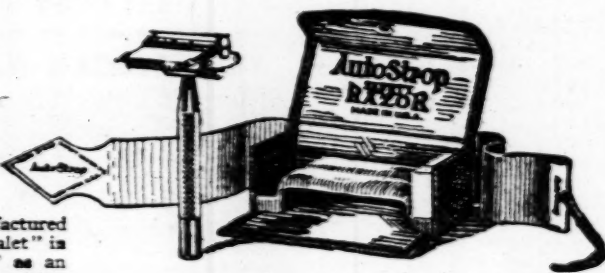

DOES your safety razor blade grow duller and duller with each shave until you cannot stand it any longer? Do you have endless bother and expense with new blades? If so, you are paying the penalty of shaving with an unstropped edge.

You don't need to put up with the "pull" and "scrape" of fast dulling blades—nor with the bother and expense of using a new blade every few days if you use the AutoStop Razor.

AutoStop Razor

—sharpens itself
Saves constant blade expense

Razors, stroppers, blades, etc., hereafter manufactured by us we shall apply the trade mark "AutoStop" as an additional indication that they are the genuine products of the AutoStop Safety Razor Co., New York.

In the Dining-Car

THE dining-cars of the New York Central Lines are not run for profit. They exist solely for the convenience and comfort of travelers. The greatest care is exercised in the selection of the food. No big hotel could be more particular in this regard.

As you take your seat and order your meal, have you ever stopped to consider that you are but one of 10,726 persons served every day on these Lines? That twenty years of thought and effort and planning stand behind the serving of this single luncheon or dinner?

This dining-car service, concentrated under one roof would, in itself, constitute a problem; but, scattered over a territory embracing twelve thousand miles or more, it represents a responsibility of even greater magnitude.

DID you know that the New York Central Lines purchase 2,015,000 pounds of meat a year for consumption in their diners? That there are 154 dining-cars like that in which you are riding, and that this number is being rapidly increased? Twelve new dining-cars will soon be completed and in use. These cars cost approximately \$46,000 each—an investment which would make possible quite a commodious night-and-day city restaurant.

The number of waiters who serve the traveling public on these Lines is 884, and in the course of a year 42,993 bushels of potatoes are bought; 235,392 pounds of butter; 720,000 loaves of bread; 365,475 pounds of chicken; 371,193 pounds of sugar; and 324,060 dozen eggs.

In the compact kitchens are 651 busy cooks. And the unbelievable sum of 14,076,108 pieces of linen are laundered every year.

EVERY employee in our dining-cars is physically examined at the time of his engagement and at stated intervals thereafter, and must pass exacting tests.

Under the pressure of many transportation problems, the comfort and convenience of passengers have always been major considerations on the New York Central Lines.

It is a simple, safe, and effective remedy for all kinds of skin troubles. It is the only remedy that is guaranteed to "get it" and nothing but "gets it".

Send your dealer for Resinol Soap and get the full directions.

MAN-ARRESTED AND RELEASED AFTER BOND IS FORFEITED

William Crowe, Against Whom Two Forfeitures Were Declared Nov. 9, Was in Custody Nov. 11.

DETECTIVES DENY KNOWING OF BONDS

Judge Hall States He Has Waited Week Since Telephoning Chief O'Brien to Produce Man.

Following complaint by Circuit Judge Robert Hall that William Crowe, under indictment charging first degree robbery and second degree burglary, had not been produced in his court by the police, although bonds of \$3000 and \$800 in the cases were forfeited Nov. 9, it developed today that Crowe was arrested Nov. 11 in a round-up of suspicious characters, and was released the next day because of insufficient evidence.

Judge Hall stated that at the time of Crowe's latest arrest the Police Department should have known of the bond forfeitures, and that if the fact was not known, it could have been established by simple inquiry. In addition to the two bond forfeitures in Judge Hall's court a third bond forfeiture involving a \$5000 bond, covering a charge of first degree robbery against Crowe, was referred to Judge Hall's court by Judge Miller of the Court of Criminal Correction last Friday.

Arrested After Forfeitures.
The police records show that Crowe was arrested by detectives, Nov. 11, at Vandeventer and Fairfax avenues, and was included in the daily "show up" for detectives at Police Headquarters the following morning. At that time two capias for his arrest on the bond forfeitures of Nov. 9 had been placed in the hands of the police by the Sheriff's office, but that fact was not known to detectives, and Crowe, after being held 20 hours, was released. While he was being held friends went to Circuit Judge Hartmann and tried to obtain his release on a common law bond, but Judge Hartmann refused to accept the bond on the ground that the forfeitures were pending against Crowe, and his bondsmen in Judge Hall's court.

"I am calling attention to this case because I read in last Sunday's Post-Dispatch that the police complained they were getting not enough co-operation from the courts," said Judge Hall. "This case strikes me as an example of police inefficiency. When I had been informed of Crowe's latest arrest, I telephoned to Chief O'Brien, and told him Crowe was wanted in my court on two bond forfeitures, and that I had information that he was walking about the streets in the neighborhood of Police Headquarters at the Municipal Courts building. The Chief told me he would look into the matter and that if Crowe was available he would have him in my court within half an hour. That was a week ago, and Crowe has not been produced yet. Last Friday a third bond forfeiture against Crowe was referred to my court by the Court of Criminal Correction."

Arrest Is Ordered.
It was said at Police Headquarters today that at the time of Crowe's latest arrest it was not known by the Detective Bureau that he had forfeited any bonds. Detectives were assigned today to arrest Crowe and deliver him to Judge Hall.

Crowe and Michael Neary were arrested Aug. 19 by Sergeant Hall, 76 years old, of the Laclede Avenue District, as they were leaving the home of Dr. Elsworth Smith, Maryland and Taylor avenues, where a burglary had been committed. Later Crowe was identified as having held up Millard A. Toler of 822 South Taylor avenue on July 31, robbing him of \$15. Indictments charging burglary were issued against Crowe and Neary, and an additional indictment charging robbery was issued against Crowe. Neary is in jail awaiting trial.

The charge on which Crowe forfeited a bond in the Court of Criminal Correction last Friday grew out of a robbery Oct. 16. A. Fishman and I. Grodsky were on the latter bond. John Kelly and Charles Nash were the bonds forfeited in Judge Hall's court.

MRS. MC CLUER MAY TAKE STATE VOTE TO ELECTORAL COLLEGE

Only Woman on Republican Electoral Ticket Seems Sure of Being Chosen for Post.

It was announced yesterday by Republican party leaders that Mrs. H. H. McCluer of Kansas City, the only woman on the Republican electoral ticket, probably would be chosen as messenger to take the vote of the Missouri electors to the Electoral College in Washington.

State Chairman Hughes wrote a number of electors seeking their support for Dr. E. B. Clemens of Macon for the honor. W. I. Diffenderfer of Lebanon also sought the post of messenger, but yesterday Diffenderfer withdrew and telegraphed Mrs. McCluer his supporters would vote for her. Republicans connected with the State Committee said they expected Mrs. McCluer would have no opposition when the electors met to cast their vote and choose a messenger in Jefferson City early in January.

The Truth About Prices

A plain statement of facts concerning lower prices—an appeal against hysteria in advertising, and for the elimination of comparative prices in order to stabilize business.

Business Must Be Stabilized

THE problem today of the merchant, as well as the manufacturer, is to stabilize business as much as possible; and, as we see it, the elimination of hysteria in advertising will have as good and as lasting an effect as any other remedy that can be proposed.

The present situation regarding low prices was something that everyone anticipated. It was regarded as an absolute certainty that when conditions became normal, and production reached a higher point, the surplus created would result in price deflation.

It is our opinion that we should have met this emergency in a sane and sensible way, and adjusted ourselves to the new price conditions without any undue alarm.

When prices were going up, the announcements were frankly made by some establishments, and were evaded by others; so now, when the prices are down, instead of being announced quite simply, directly and accurately, they have been made the basis of an advertising campaign in this country that is both destructive to advertising and to confidence in business.

The Price Revision Downward

THAT prices have dropped very materially during 1920 must be evident to the consumer. To illustrate how radical the changes have been within the last few months, we publish below the prices on standard and staple cotton goods that are in effect today, and the prices that were in effect August 15th.

There is no desire on our part to indulge in comparative prices by this statement. The quotations that we are making are regular—they are not "special" for any day, merely the lowest market price for the day named.

Our Regular Prices

	Today	Aug. 15.
Fruit of Loom Muslin, yard,	23c	49c
Lonsdale Muslin, yard,	22c	45c
Bleached Indian Head, 36 in. wide, yd.,	35c	55c
Berkley Cambric, yard,	33c	60c
Unbleached L. L. Muslin, 36 in. wide, yd.,	15c	35c
Bleached Pepperell Sheet, 10-4, yd.,	85c	\$1.10
Pequot Bleached Sheets, 81x90, each,	\$2.25	\$2.65
Pequot Pillowcases, 42x36, each,	55c	69c
Amoskeag Apron Gingham, yard,	19c	30c
Amoskeag Outing Flannels, yard,	25c	45c
Mercerized Table Damask, 72 in. wide, yard,	\$1.00	\$1.49
Standard 36-in. Percales, yard,	20c	39c
Longcloth, 64x64, 36 in. wide, 10 yds.,	\$1.75	\$2.69

The Lines Most Affected

WE have illustrated this point of price reductions by means of the most staple dry goods, things with which every woman is familiar.

STIX, BAER & FULLER

GRAND-LEADER

How Comparative Prices Mislead

THE unstable conditions of today have made "comparative values" the mythical phrase in advertising. How can "values" stay up, after prices have dropped?

What is the value of Fruit of Loom Muslin that is selling today for 23c a yard? The price a few months ago was 49c, but the price in the days of 10c cotton was 12c. Would it be right for the grocer to advertise 35c sugar at 12c a pound?

When the \$1 silk stocking started on its price flight during the war, it had the grace and dignity to bear a \$3.00 ticket; but when the painful process of deflation was applied, and the price became \$1.95, was it quite right to advertise it as \$3.00 hose for \$1.95?

We recently witnessed the price of the former \$2.00 Manhattan Shirt marked down from \$5.00 to \$3.50. How should this fact be presented to the public? Are they \$5.00 Shirts? It is our impression that they are now \$3.50 shirts.

When \$50 Suits Are Not \$50 Suits

SOME concerns use comparative prices only in "making a statement of fact." They regard it as absolutely honest and truthful to state that their \$50 suits have been marked down to \$35.

We contend that such a statement, even when truthful, misleads. If the season has advanced and the manufacturer is now quoting them at half price, they become \$25 suits because of changed market conditions.

Another bad feature about this policy is that such an advertisement does not convey the correct information to the public. The dealer may have secured some later models which are not reduced and will not be reduced for some time to come. Customers may have seen these new \$50 suits, and when the advertisement appears, they may respond with the idea of securing them at a reduction and then be very much disappointed.

An Appeal for Better Business

WE could cite hundreds of other examples demonstrating by the actual facts that in almost every instance when a comparative price is used it creates the wrong impression—and is therefore misleading—These few, however, will serve to emphasize the evil and its effect on clean business.

We used comparative prices for twenty-four years, but when it was evident to us that absolute truth could not be maintained by their use, we announced, in October, 1916, that henceforth they would be eliminated.

Many advertisers consider it an advantage to say "a \$2.00 article for \$1.00"—it's an appeal that meets with response—we regard that as doing business on promise—and our method is performance.

But that is beside the question. The whole thing simmers down to one point—are comparative prices right, or are they wrong—are they truthful or untruthful? The public must be the judge, and we are simply stating our case.

IT is our belief that comparative prices today are misleading, for the reason that they convey the wrong information and impression to the public. We believe that they destroy the value of advertising and confidence in business.

Stix, Baer & Fuller

Such lines as ready-to-wear for men, women and children, Shoes, Dress Fabrics, Silks, in fact, most articles in which silks, woolen goods and cotton are employed in the production (which include Carpets, Curtains, etc.), have been materially lowered in price.

Merchandise made of iron or steel, in the production of which labor is a very large factor, has suffered but slight reductions.

Advertising a Means of Information

YOU have a right to expect of advertising, absolutely accurate information. There should be nothing evasive, ambiguous or misleading about any statement you see in the public prints. You have a right to insist upon an accurate statement of facts, because you, the public, are bearing the burden of advertising expense. You are actually paying for it. It is charged to you in the merchandise you buy, the same as rent, light, and all other expenses.

That it is a legitimate expense we all recognize, because advertising lessens the cost of distribution by greatly increasing it. There is, however, at the present time, a tremendous waste in retail advertising, which is due to the abuses that are heaped upon it.

An Argument for Truth

IF all advertisements were absolutely truthful, much less advertising would be required. A simple statement would be sufficient. Advertising is new. It is but a few short years ago that the Associated Advertising Clubs of the World were formed, adopted for their slogan, "Truth," because they recognized that it was the fundamental of advertising.

Since that time this association has preached the doctrine of truth, and has used its great influence to eliminate the abuses that have crept into it.

Those who will recall the patent medicine advertisement of years gone by, will realize the frauds that have been foisted upon the public through advertising. The fake stock selling schemes are also quickly disappearing, because of the war that is being waged upon them by the Associated Advertising Clubs of the World in co-operation with the newspapers.

The A. A. C. of W. has recognized that the average merchants of the country endeavor to conduct their business in an honest way, but they had fallen into evil ways in advertising by indulging in the use of comparative prices.

REDUCTION IN SHOE PRICES WAS IN THREE SCHEDULES

Sloan Co. Made Cuts in July and August and on Nov. 11. The McEwen-Sloan Shoe Co.'s reduction of wholesale shoe prices in three schedules of decreasing prices, issued in July, in August and on Nov. 11, as follows: Men's shoes—reduced from \$9.50 to \$8.50 now, enabling retail to \$10.50; women's shoes—reduced from \$13 to \$9.50 now, enabling retail to \$12.50; children's shoes—reduced from \$4 to \$3.50 now, enabling retail to \$5.00. The shoes for which reductions are quoted are considered lines.

PLAYERS AT HIGH SCHOOL FIELD HAVE BEEN REPAIRED

Director of Public Safety Declares Fit for Use at Football Games Tomorrow.

The north and south bleachers at the school field, Grand and La-avenues, which were con-structed recently, have been repaired. Director of Public Safety, McEwen, declared them fit for use to-morrow, when the Central-Cleveland-Soldan-McKinley high school playing football games will be held.

Inspectors had previously found the bleachers loose, rail-ings broken and supports rotten, in-structed. The grandstand was right. About three weeks ago, when the bleachers had fallen in, they were not se-riously injured.

Early 7000 spectators are expected at the high school football games.

Mrs. Margaret Brewster Dies.

THE MAN WITH VIGOR A WINNER

No Wonder Some Folks Have a Hard Time Getting Ahead

IT TAKES RED BLOOD TO SUCCEED

Pepto-Mangan Restores Vigor. A Really Wonderful Tonic. Purifies and Tones Up the Blood.

It takes vitality to succeed because success requires hard work.

Some days you get along all right. Other times you have to strain and you overexert yourself. When that happens, your system is overtaxed. It shows first in the blood. The overexertion causes an increase in waste matter. The blood struggles to take care of it all. Gradually the poisons in the waste increase too fast for the blood. Then the blood becomes clogged.

First thing you know you feel all tired out. Sleep does you little good. You can't eat well. You wonder what the trouble is.

Then is the time to get some Pepto-Mangan, the blood building tonic. Take it for awhile till your blood is cleared up. You'll soon have plenty of rich, red blood. Notice the difference in your work. Your old-time energy returns. You win out because you are stronger.

Pepto-Mangan is sold in both liquid and tablet form. The tablets have the same medicinal value as the liquid. Take either kind you prefer. But be sure you get the genuine Pepto-Mangan—"Gude's." The full name, "Gude's Pepto-Mangan" should be on the package.

Don't Fuss With Mustard Plasters!

Musterole Works Without the Blister—Easier, Quicker.

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plaster, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbites, colds of the chest (it often prevents pneumonia).

SPEAKERS TELL WHY CITY SHOULD GIVE THANKS

"For Spirit of Co-operation of Citizens," Says Mayor Kiel at Chamber of Commerce Luncheon.

"What St. Louis Has to Be Thankful For" was discussed by speakers representing the religious, educational, civic and commercial activities of the city at a turkey luncheon given today by the Chamber of Commerce at Hotel Statler. More persons, including a large number of women, were present than had been provided for, and an extra dining room was utilized. Sixteen casualties from Jefferson Barracks post hospital were guests of honor. The speakers and their expressions, in part, were as follows:

Mayor Kiel: St. Louis has to be thankful for the spirit of co-operation of its citizens; for woman suffrage, which means better government; the wonderful progress made by the city in the past few years; and for the fact that we are not in the same predicament as the people of Russia, where the money of the nation has little value.

Archbishop Gleason: We should be thankful to God that our people believe in God; we should be thankful because we live in a city where religious animosity, hatred or prejudice are absent; we should be thankful for the charities represented by the Red Cross and the Saturday and Sunday Hospital Association; thankful for the fact that St. Louis sees no exodus of thousands of people because of lack of employment. The Chamber of Commerce may take from the symbol of St. Louis the flying steed, the coat of arms and the coat of mail, but the people of St. Louis will reserve for themselves the crown in which to place the jewels representing the charities of the city.

Rabbi Harrison: We should be thankful because here at this table the Old Testament and the New Testament can sit side by side without even a blank page between them; we should be thankful for our public school system, our churches and synagogues, our universities, our street improvements, and we shall have still greater cause to be thankful when our vocational training system has become fully established.

Bishop Tuttle: St. Louis has cause to be thankful for its wonderful system of public schools, which is second to none in the United States; should be thankful for its magnificent churches and for the purity and excellence of its water supply. The water helps to develop the physical body, the schools develop the mind and the churches develop the soul.

M. L. Wilkinson, president of the Associated Retailers: "St. Louis should be thankful for the high moral inspiration behind its industries and every other one of its interests; should be thankful for the leadership of such men as those who have spoken here today. We should continue to do our part to help the city push forward. The Chamber of Commerce should be thankful for the position it has taken in leading the commercial and civic development of the city."

John W. Withers, Superintendent of Public Instruction: "St. Louis should be thankful for the reputation of its schools and its great school plant, representing an investment of \$20,000,000. The reputation of our schools is not built upon guesswork, but is the result of a scientific measurement made by the Government commission which recently completed a survey of the public school systems of the country. The city should not only be thankful for the past and present standard of its schools, but also for the future program about to be worked out in the interests of vocational education."

Other speakers were D. A. Ruebel, president of the Advertising Club of St. Louis; Maj. Thomas J. Dickson, senior chaplain of the United States Expeditionary Forces, and Mirra Fazel Mamandani, professor of philosophy, University of Shah, Teheran, Persia.

FUNERAL FOR EDWARD W. GREER, FORMER ST. LOUISIAN, HELD HERE

Funeral services for Edward W. Greer of St. Louis, who died last Wednesday at Asheville, N. C., from a two-hour attack of acute gastritis, were held this morning from St. Francis Xavier's (College) Church. Greer had been in ill health for several months and recently went to Atlantic City, N. J., to recuperate, but his condition failed to improve, and he went to the North Carolina mountains. The change seemed beneficial for a time, but there was a relapse, and he failed rapidly.

Greer was a descendant on the maternal side of the pioneer Papin family of St. Louis, and was a lineal descendant of Pierre LaCade. His father, R. C. Greer, has been in the real estate business for more than 50 years, and is an honorary member of the Merchants' Exchange. Until recently Edward W. Greer was president of the Greer Real Estate Co. A brother, Robert, of Seattle, attended the funeral.

On July 19, 1918, Greer shot himself in the head at the Warwick Hotel, and for a time was in a critical condition. He gave no reason for the deed. In 1913 he married Mrs. Annette Gardner, divorced wife of Russell E. Gardner, automobile manufacturer, and brother of the Governor.

The After-Thanksgiving Sale Starts Friday

Sonnenfeld's take the initiative in smashing high costs—in whole-hearted fashion, as these sale assortments bear out. Not for years have such values been offered.

Fine Coats Reduced to Meager Prices

to \$65 qualities **\$45** to \$75 qualities **\$55** to \$95 qualities **\$75**

Although the wearing season for Coats is scarcely beginning, we offer practically end-of-the-season price concessions. And they apply on Coats of every type, for every purpose.

Fur-trimmed Coats and Coats self-trimmed. Of Bolivia, evora, veldyne, chamostyne, suede velour, fortuna, crystal cord, duvet de laine, various velour fabrics, etc.

Coat Values to \$49.50 **\$35**
Splendid fur collars and fur-trimmed models, that combine ultra style with splendid quality.

Suits Radically Reduced

No better saving opportunity than this—fur trimmed and tailored types at less than wholesale

qualities to \$120 **\$75** qualities to \$85.00 **\$55** qualities to \$59.50 **\$35**

To \$22.50 Skirts To \$8 Underwear

Smartly distinctive models of wool plaid and navy serge. **\$8.65** Jersey vests, satin and crepe de chine camisoles, chemises and gowns. **\$3.85**

Unusual Saving Inducements on Furs

Various fashionable Furs—coats, wraps, scarfs, capes and various small pieces—has been "price revised." And the revisions have not been half-hearted, either. We invite comparison from a quality and value-giving viewpoint. The few examples below are indeed worthy of consideration:

Sale of Satin Hats
Draped Turbans
Novelty Brims
Small Sailors
Flare-Ups
Chin Chins **\$6.75**

A splendid variety and decidedly out-of-the-ordinary values. Becoming trimmings of crepe scarfs, fur and tinsel. Choice in brown, henna, black and old blue.

HOW NEW AMENDMENTS TO CONSTITUTION WILL BE MADE EFFECTIVE

8 AMENDMENTS TO CONSTITUTION ADOPTED NOV. 2

Bone-Dry Law, Submitted Under Referendum, and Constitutional Convention Proposal Also Carried.

76,622 PLURALITY FOR CONSTITUTION PLAN

Increase in Rural Taxation for Schools and Compensation Law Among Proposals Defeated.

Eight amendments to the Constitution of Missouri were adopted, the State bone-dry prohibition law, submitted under the referendum, was ratified, and the initiative proposal for a constitutional convention was carried in the election of Nov. 2, according to the official count of the statewide vote, which was completed by the Secretary of State in Jefferson City yesterday.

Four proposed constitutional amendments were defeated, and the workmen's compensation law, submitted under the referendum, failed of ratification.

The good roads bond issue proposal was carried by a majority of 122,493 in a total vote of 911,535, which was the largest vote cast on any of the 15 proposals on the constitutional ballot. The bone-dry law was ratified by a majority of 61,259 in a total vote of 902,361. The constitutional convention had a majority of 76,622 in a total vote of 112,252.

The official count of the St. Louis vote showed a majority of 105,687 against the prohibition statute. This, in comparison with the State figures, indicates that the State, outside of St. Louis, gave a majority of 167,986 for the bone-dry law.

The proposals defeated were those for a constitutional amendment to increase the pay of members of the Legislature; an amendment to permit increase of taxation for school purposes; an amendment increasing number of judges in St. Louis Court of Appeals; and the workmen's compensation law, submitted under the referendum.

Vote on 15 Proposals. The vote on the 15 proposals, as officially tabulated by the Secretary of State, is:

No. 1, increasing pay of Legislature, defeated; yes, 320,406; no, 407,472.

No. 2, authorizing cities of more than 100,000 to amend their charters by simpler methods, carried; yes, 135,556; no, 211,922.

No. 3, permitting large cities to increase their indebtedness to acquire public utilities, carried; yes, 368,651; no, 213,938.

No. 4, permitting majority of qualified voters of road districts to authorize special levy for road purposes, carried; yes, 375,942; no, 349,446.

No. 5, permitting school districts to increase rate of taxation, defeated; yes, 312,232; no, 338,279.

No. 6, authorizing the Legislature to issue bonds of not more than \$60,000,000 for constructing hard-surfaced roads, carried; yes, 572,514; no, 333,921.

No. 7, authorizing cities of 30,000 inhabitants or less to incur additional indebtedness for waterworks, light and ice plants, carried; yes, 313,794; no, 310,210.

Compensation Law Defeated. No. 8, requiring Legislature to levy annual tax not less than 1/4 cent nor more than 3 cents on \$100 valuation, for pensioning deserving blind, carried; yes, 455,237; no, 295,588.

No. 9, providing for bond issue of \$1,000,000 for purpose of creating a soldiers' settlement fund, carried; yes, 375,942; no, 248,749.

No. 10, increasing number of Supreme Judges to nine, and creating a third division of the court, defeated; yes, 315,937; no, 369,077.

No. 11, directing Legislature to enact a law enabling men absent from the State in military service to vote, carried; yes, 440,192; no, 279,490.

No. 12, increasing number of Judges of St. Louis Court of Appeals to six, and dividing court into two divisions, defeated; yes, 316,661; no, 315,491.

No. 13, bone-dry prohibition statute, enacted by Legislature and submitted to voters by referendum, carried; yes, 61,259; no, 420,681.

No. 14, workmen's compensation statute, enacted by Legislature and

BLIND WORKERS CELEBRATE ON HEARING AMENDMENT PROVIDING PENSIONS CARRIED

Broommakers Cheer and Sing When They Get News of Victory After Six-Year Fight for State Aid—About 1200 to Receive Help.

Fourteen blind broommakers at the factory of the United Workers for the Blind, 1416-18 North Sarah street, cheered and sang for five minutes yesterday afternoon when they heard that the amendment providing pensions for the deserving blind had been carried in the general election. The news was telephoned to Adolph Michaels, blind president of the United Workers, by Secretary of State Sullivan at Jefferson City, who announced that the majority was 159,439. The 14 returned to their work after the brief celebration.

Something of the same spirit pervaded the hearts of all the other 2400 blind persons of Missouri. Their six-year fight for the right of State assistance had at last brought them the victory, they knew, but they realized also that there is still a fight ahead to gain the legislation they want for the administration of the funds to be provided.

They realized, too, that fixing of the amount which they can receive with the General Assembly, which may provide a certain tax rate for the pensions or may provide a rate six times as great.

"It will be a real Thanksgiving for all of us," said Michaels to a Post-Dispatch reporter. "I have no doubt the legislation we want will be provided. We have fought to have some law passed for six years, now, twice, success was almost with us, but something happened and we did not win."

Michaels told his story at his home, 2648A Franklin avenue, last night, while his blind friend and co-worker, Fred Rolf, who sells newspapers at Jefferson and Franklin avenues, sat unconcerned.

Many Unfriendly to Cause. "We had no money to speak of in all those years," Michaels went on. "We carried this thing through by just working. Why, we found thousands of people who were not friendly to our cause, though I do not know why. We have not received one penny of pay for our work. During this last campaign we were paid \$400,000 for the issue of leaflets, supporting the amendment, throughout the State."

"I was chairman of a committee which included Joe Unterberger, William E. Farness, Joe Meyer, Ollie Stone and Mrs. M. W. Huyette. Mrs. Huyette was the only 'sighted' member of the committee. I feel that the success of the amendment is due to the work of the United Workers and this committee; we didn't have any help."

The United Workers for the Blind has a membership of 70, nine-tenths of whom are blind. Its objects are the maintenance of a mutual benefit insurance scheme and the broom factory, as well as to work for the welfare of the blind. Officials of the Missouri Commission for the Blind, the only official body, credit Michaels for the success of the amendment.

Amendment Providing for Pension. The meaning of the amendment is best explained by quoting the resolution of the General Assembly, ordering the amendment by inserting the following passage in Article 4, Section 47, of the constitution: "The General Assembly shall cause an annual tax of not less than 1/4 cent nor more than 3 cents on the \$100 valuation of the taxable property of the State to provide a fund for the pensioning of the deserving blind. If any pension shall exist in said fund after the deserving blind have been pensioned, then the same or so much thereof as shall be necessary may be used for the support of the commission for the blind. And there shall be a balance in said fund after this blind have been pensioned."

submitted to voter by referendum, defeated; yes, 344,724; no, 376,551.

No. 15, initiative proposal for constitutional convention, carried; yes, 394,437; no, 317,815.

The defeat of No. 5, which was considered an essential part of the program of educational advancement for Missouri, may be a blow to the form in which it appeared on the ballot. The working of the constitutional proposals as they appear on the official ballot is provided by the Attorney-General.

It is believed that the State bone-dry law will go into effect at once. The law, as originally enacted, provided that it should go into effect

Jan. 16 last, the date when Federal constitutional prohibition went into effect. The referendum petitions kept it from going into effect at that time, but now that this obstacle is out of the way, the law is believed to be in full force without further delay. An official opinion on this matter could not be obtained, as the Attorney-General was not at his office.

Air Service Montreal to New York. By the Associated Press. MONTREAL, Nov. 24.—The Canadian Steamship Lines Ltd., which is the chief Canadian operator of steamships on the Great Lakes, plans next summer to start an aerial passenger service between Montreal, Toronto and New York. It was made known here today in an announcement by J. W. Norcross, head of the concern, who has just returned from England after having placed contracts for two large British airplanes for the service. "The new service will be largely in the way of an experiment," said Norcross.

LEGISLATURE MUST WORK OUT STATE HARDROAD SYSTEM

Passage of \$60,000,000 Bond Issue at Recent Election Puts That Duty Squarely Up to Assembly.

FEDERATED COUNCIL TO GIVE ADVICE

Money Derived From Sale of the Bonds Must Be Expended in Each of the Counties of the State.

Adoption of the \$60,000,000 bond issue amendment to the Missouri Constitution, announced yesterday by Secretary of State Sullivan after a tabulation of the November election returns, will put squarely up to the Legislature the working out of a comprehensive system of hard surface roads in Missouri, in the building of which \$60,000,000 will be expended.

The Federated Roads Council, which conducted the campaign for the bond issue, announced today that in St. Louis, will maintain an office in Jefferson City during the session of the Legislature to advocate a system which it believes to be the best, and to provide members of the Legislature with legal and road engineering advice to aid them in reaching a decision regarding road laws.

Method of Issuing Bonds. While the voters of the State approved the road bond issue by a majority of 23,493, the Legislature received by any of the proposals voted on, none of the bonds can be issued until they are voted by the Legislature, which is authorized to order the issuance of the bonds in such amounts and at such times as it desires, the total issuance to be not to exceed \$60,000,000.

It will thus be possible for the next Legislature to issue any part or all of the \$60,000,000. The bonds will bear interest at 5 per cent and are to mature not later than 39 years from the date of their issuance.

The Legislature, in submitting the bond issue amendment to a vote, guarded against any possibility that the money would be expended as to main roads across the State, such as a State highway from St. Louis to Kansas City and a State highway north and south through the State, by inserting a stipulation that the funds derived from the sale of the bonds were to be expended for hard-surface roads in each county of the State.

This provision, however, will prevent the waste of the money on dirt roads, which were provided for in the McCullough-Morgan road bill passed by the Legislature. The amendment particularly specified hard-surface roads.

Intended as Nucleus. It is the expectation that the \$60,000,000 will be merely the nucleus of a much larger fund. In itself it would provide an average of only \$22,621 for each county in the State, which would build less than two miles of good hard-surface road. Through the matching of dollars with the counties and with the Federal Government, this amount can be largely increased.

The proposal which an effort will be made to provide will require each county obtaining the bond issue road money to put up its own amount of its own funds, and then an effort will be made to obtain from the Federal Government an amount equal to this State and local fund. The Government in the past has been matching dollars with the states in road building.

The Legislature has full power to provide all the regulations to surround the expenditure of the money.

Officers of the Roads Council, who proposed the amendment and managed the campaign for it, announced that the bonds could be paid off by the receipts from automobile licenses and that no direct taxation for their payment would be necessary.

The amendment provides that all moneys derived from the sale of automobile licenses, after the expense of collecting the money and the administrative expense of operating the State Highway Department shall have been paid, shall go into a sinking fund to retire the bonds as they mature. It also provides, however, for a direct tax to pay the interest and principal of the bonds, the amount of the tax to be determined by the State Auditor. Advocates of the bonds said that provision was necessary to make the bonds salable, and that it would not be necessary to resort to the direct tax.

PLANS FOR STRICT ENFORCEMENT OF STATE DRY LAW

All Police and Missouri Officers Charged With Enforcing Provisions of the Statute.

TRANSPORTING OF LIQUOR FORBIDDEN

Measure Has Damage Clause to Protect Families Who Lost as Result of Violation of Act By Intoxication.

Plans for the effective enforcement of the Missouri bone-dry prohibition statute, which was approved by the voters of the State by a majority of 61,259 in the election Nov. 2, are being made by Jesse W. Barrett, Attorney-General-elect, and by the St. Louis police.

Barrett announced today that he intended to assign one of his assistants wholly to the duty of dealing with prohibition enforcement, in which, under the law, it is the duty of the Attorney-General to co-operate with the police and city prosecuting officers. If necessary, he said, more than one assistant will be assigned to this work.

Chief of Police O'Brien has announced that the law will be enforced rigidly in St. Louis, and that the police will be ordered to search suspected "soft-drink" saloons for liquor. The creation of a new law enforcement agency, which has special reference to the prohibition statute, headed by Capt. William Stinger, was announced last week.

Enforcement Officers. Under the law, it becomes the duty of the police in St. Louis, and other cities of Missouri, of Sheriffs, Constables and Town Marshals, and of the State courts, to enforce the provisions of the law. Up to this time, the only work done by local police and sheriffs has been to enforce the prohibition in Missouri has been in co-operation with United States enforcement officers, working under the Volstead act.

The new law, which prohibits the sale of 1 per cent alcoholic content constitutes an intoxicating beverage under the State law.

Plans of the Missouri Anti-Saloon League for making the law effective were outlined by the Rev. W. C. Shupp, State superintendent. He said the league would not, at this time, advocate the creation of a special State department to deal with violations of the statute, but would be content with the agencies provided in the statute, the Attorney-General and the Prosecuting Attorneys of counties.

Law to Remove Officials. He said the league would probably advocate, in the 1921 session of the Legislature, a law giving the Governor power to remove Prosecuting Attorneys from office for failure to enforce the laws, the prohibition law as well as others. It will also work for as large an appropriation as the Attorney-General may need to employ assistants to handle prohibition enforcement matters.

The league will also favor an amendment to the election laws, to require the counting of ballots by county boards and county clerks, instead of by the judges and clerks of election; also an amendment to permit persons to serve as judges, clerks and challengers in precincts where they do not reside.

Transportation Prohibited. The State bone-dry law, like the Volstead law, prohibits transportation of intoxicating liquor within the State. The United States Supreme Court has held that the transfer of private stocks of liquor, lawfully acquired, does not constitute a violation of the Volstead law, as to transportation. Whether this decision will be held to apply to the State law, is not known at present.

The search and seizure part of the statute, about which much has been said, applies only to places where it shall be believed that liquor is being stored or sold, and does not apply to any private dwelling, unless some part of the dwelling is used as a shop or place of public resort.

Prohibitions and Exceptions. The bone-dry law was enacted at the same session of the Legislature which voted to ratify the prohibition amendment to the Federal Constitution. It was to become effective Jan. 16 last, with the Federal law, but was held up by the referendum petitions. It is in 18 sections. Sections 1 and 2 contain the prohibition and its exceptions, as follows:

It shall be unlawful for any person, firm, association or corporation, his, its or their agents or employees, to manufacture, sell, give away or transport intoxicating

August to Mark Next Step Towards New Constitution

Voters Will Decide Then Whether a Convention Shall Be Called to Draft New Charter.

In carrying out the provisions of the New Constitution amendment, shown by the official tabulation of the November election returns yesterday by the Secretary of State in Jefferson City to have been adopted, there will be submitted at a special election the first Tuesday in August, the question of whether there shall be called a constitutional convention to revise or amend the constitution under a non-partisan plan fixed in the amendment.

The amendment does not itself provide for the calling of the convention or for the revision of the Constitution, being merely an enabling act to provide a different method of revising the Constitution, and providing for the submission of the question as to whether there shall be a revision.

If at the August special election there is a majority vote in favor of calling a Constitutional Convention, the Governor is required by the amendment to call elections not less than three nor more than six months later for the selection of delegates to the convention.

Plan for Convention. Two delegates shall be elected in each of the 34 State senatorial districts and 15 delegates shall be elected at-large in the State. To provide for representation of each of the two dominant political parties in each district, the amendment provides that no political party shall nominate more than one person to be a delegate. The practical effect of this will be that there will be one Republican and one Democratic delegate from each senatorial district.

To avoid politics in the selection of delegates at large the amendment provides that they shall be nominated by petition, and the names of all persons nominated for delegates at large shall be placed on one separate and independent ballot containing no political party designation.

Party Advantage Not Expected. The plan to be carried out will mean a convention of 24 Republicans and 34 Democrats with an additional 15 delegates elected at large, a majority of whom may belong to either party without anything to indicate clearly in advance which party will dominate the convention. It is the expectation that the plan will largely eliminate party advantage as a controlling factor in the convention.

The convention will meet in Jefferson City in public sessions. The new Constitution it writes or the amendment it prepares, it is provided, shall be submitted to a vote of the people of the State at a special election, the date for which shall be fixed by the convention, but which shall be not less than 60 days nor more than six months after the adjournment of the convention. If approved at the election the new Constitution will go into effect 30 days after the election.

Thus, three more elections must be held before a new Constitution can be effective. If at the first election the majority should be opposed to the calling of the convention, there would be no convention until at some later election the majority of the voters of the State should favor the proposition. If it should carry at the special election, there would be elections to select delegates, and after the convention completed its work an election to determine whether the Constitution it drew should be adopted.

Duties of Prosecutors. The duties of prosecuting attorneys, Sheriffs and police officers are defined in sections 9 and 10, and it is provided that when a county prosecuting attorney fails in his duty it shall be the duty of the Attorney-General of the State to enforce the law in that county, appointing assistants who shall have the powers of the prosecuting attorney. Sheriffs, Deputy Sheriffs, Marshals, Chiefs of Police, policemen and constables who fail, neglect or refuse to do their duty under the act "shall be removed from office in the manner now provided by law."

Section 11 provides that any permit to sell or write prescriptions for liquors may be revoked by Circuit Judges, on petition of five citizens, or of a prosecuting attorney, charging that such permit is not being used in good faith.

Section 12 forbids the advertising of intoxicating liquors in any manner, except the issuance of price lists by authorized dealers in ethyl alcohol and wine.

Half of One Per Cent Limit. Section 13 provides that any employer authorizing an employee to violate the law shall be personally responsible.

Section 14 declares that liquors unlawfully manufactured, sold or transported are contraband, and that every wife, husband, child, parent, guardian or other person who shall be injured in person or property, or means of support or otherwise, by any intoxicated person or by the possession of such liquors in violation of the provisions of this act, shall have the right of action in his or her name against any person, firm or corporation who shall, by such sale or possession of such liquors, have caused or contributed to the intoxication of said person or persons, or who have caused or contributed to any such injury, and the plaintiff shall have the right to recover actual and exemplary damages.

Buildings May Be Entered. Any building, stationary or movable, used for the unlawful manufacture or sale of liquor, is declared by section 7 to be a nuisance, and county prosecuting attorneys or the Attorney-General of the State may prosecute a suit in equity to abate and perpetually enjoin such nuisances.

Section 8 provides that, upon the affidavit of a prosecuting attorney, or the Attorney-General, that liquor is being unlawfully made or sold in a certain building, it shall be the duty of the sheriff to enter the building, by force if necessary, and remove the liquor, holding it as evidence, and eventually selling it "in some legal manner" and applying the proceeds to the fine of the maker or seller. No warrant shall be issued to search a private dwelling; the law provides, "unless some part of it is used as a store or shop, hotel or boarding house, or for any other purpose than

\$1,000,000 FUND WILL BE USED TO AID WAR VETERANS

Sum Voted by State to Be Utilized in Conjunction With Federal Agencies for Men's Benefit.

EMPLOYMENT AND RURAL HOMES PLAN

Money Advanced Must Be Returned in Small Payments From Time to Time Over Long Period.

The Soldiers' Settlement bond issue of \$1,000,000, shown by the official tabulation of votes by Secretary of State Sullivan yesterday, have been carried, contemplates the creation of a revolving fund of that amount to be used in co-operation with agencies of the United States in providing employment and rural homes for soldiers, sailors and marines who served as members of the armed forces of the United States in any war.

In anticipation of its adoption the last Legislature passed an act to provide the machinery for the use of the fund. None of the money is to be used as a money bonus, and any of it paid out is to be returned in small payments over a long period of years.

There is created a Soldiers' Settlement Board, the members of which shall be the Commissioners of the Department of Land Reclamation, the Director of the State Agricultural College, and the Director of the School of Engineering of the State University.

This board will have authority to purchase or lease lands it deems suitable for settlement, and to acquire necessary drainage rights and rights of way.

Federal Co-Operation. Alternative basis of co-operation with the Federal Government is provided. The first is that from the \$1,000,000 fund the State shall provide the land for settlement, and the United States shall provide the money for reclamation, improvement and equipment. Arrangements shall be made with the Federal Government by which the money expended by the State shall be repaid to it.

The second plan is that the State shall make actual expenditures of not less than 25 per cent of the total investment for reclamation, for actual payment for the land, for improvements, implements, equipment and stock. This contemplates improved farms of a value not exceeding \$1000 each and farm laborer allotments not exceeding \$1500.

Authority is granted to the board to obtain loans from the United States to carry out the plan, the money to be expended under such restrictions as the Federal Government may impose. To provide settlers with equipment, the board is authorized to make short time loans not exceeding \$2000 on a farm or \$1000 for a labor allotment.

To obtain benefits under the plan, an applicant must be a citizen of the United States, and not the owner of agricultural land exceeding \$1000 in value. No settler will be permitted to hold more than one farm or allotment. Advances of money shall be secured by first mortgage on the property.

Terms of Contract. The contract to be entered into between the settler and the State Board will provide for the immediate payment by the settler of 2 per cent of the sale price of the land and not less than 10 per cent of the cost of farm improvements. The balance of the amount for land shall be repaid at the rate of 2 per cent a year for first four years, and the remainder in annual installments fixed by the board, but covering a period of not more than 46 years. Interest on deferred payments will be 4 per cent. The balance on farm improvements shall bear interest at 4 per cent, and shall be repaid in a period of not more than 26 years. Short time loans for equipment shall be repaid within five years.

Provision is made for contracts requiring the settler to cultivate the land in an approved manner, and to require him to maintain improvements and equipment in good condition. Provision also is made to provide agricultural training for soldiers, sailors and marines. The State dividing with the Federal Government the cost of such training.

The law will become operative as quickly as the State Board becomes organized, and the administrative machinery is provided.

MORE TRUTH THAN POETRY

By James J. Montague.

JUSTIFYING THE HEAD HUNTER.

Who, we learn from a returned traveler, are always good to their mothers.

Although the Zulu horror sheds
On civilized beholders,
When he goes round collecting heads
From other people's shoulders,
And though the deed of course must be
What one might term unsightly,
Surviving witnesses agree
That it is done politely.

He never seizes by the hair
A man who tries to beg off,
Or stands above him to declare
"I'm going to hack your egg off!"
Behind his head the victim bears
A keen-edged bolo hissing:
It swiftly lands behind his ears
And lo! his dome is missing!

And when the head is nicely dried
Our mild, Malayan brother,
With primitive and childlike pride,
Presents it to his mother.
What seems to us a cruel blow
Is just the Zulu's notion
Of a delightful way to show
His filial devotion.

This custom of the Zulu chief
We've often reprehended,
It was not, in our blind belief,
At all to be commended.
Yet now we know why it is done,
We find, somehow or other,
We cannot blame a loving son
Who's grateful to his mother.

WHY SHOULD HE WORRY?
The professor may be out of pocket,
but he is also out of jail.

STICKERS.

Severely So.
Summoning all the paths possible
into his voice, the amateur settlement
worker was addressing his
audience on the subject of certain
poverty-stricken foreigners, who, if
they weren't wretchedly miserable,
at least ought to be.
"Think of it," he cried, dabbing at
his eyes. "There are people down
there who live on garlic alone!
Imagine it! Garlic alone!"
"Well," called back the Old
Grouch, as he made his way down
the aisle toward the nearest exit, "if
they live on garlic, they ought to live
alone!"—American Legion Weekly.

Looks That Way.
"Who won the war?" asked the
bright young goof behind the soda
counter.
"Huh," ejaculated the ex-sergeant
gruffly, as he dug up the war tax.
"I think we bought it!"—The Amer-
ican Legion Weekly.
